Preface

Volume XVIIIa & XVIIIb Valley Stream Union Free School District Thirty Calendars of Events

This volume contains district-wide calendars for the following academic years: 1966-67, 1967-68, 1968-69, 1969-70, 1970-71, 1971-72, 1972-73, 1973-74, 1974-75, 1976-77, 1977-78, 1978-79, 1979-80, 1993-94, 1996-97, 1997-98, 1998-99, 1999-2000, 2000-01.

The original district-wide calendars were entitled "School Activities – Calendar." They measured 6½ by 9 inches. Each calendar was designed in a different color. At some point in the late 1980s the format changed to an 8 ¼ by 11 inches.

William P. Stris

I have no right, by anything I say or do, to demean a human being in his own eyes. What matters is not what I think of him; it is what he thinks of himself. To undermine a man's self-esteem is a sin.

—Antoine de Saint-Exupéry

27	28	Every now and then a man's mind is stretched by a new idea and never shrinks back to its original proportions. —Oliver Wendell Holmes Child rearing, with its variety and the demands it makes on the imagination, seems to me infinitely preferable to mind- ing an automated machine or even to programming computers. Most men are being forced at present into a rigid world				

WHAT IS CURRICULUM?

a curriculum a set of textbooks to be mastered?
 a mass of facts to be memorized?
 a series of more or less unrelated subjects to be pursued?

OR . . .

is it the child's total learning experience . . .
 is it the child's experience of life on his level . . .
 is it inside the classroom and out?
 Modern educational thought and practice have adopted the last
 of these definitions: the curriculum is the total learning experience
 of the child.

THESE IDEAS AS APPLIED TO DISTRICT THIRTY

Right in the beginning—in kindergarten, that is—the curriculum includes essential experiences in the art of working and living together. Here are learned the rudiments of cooperative living, so vital to the development of children as social beings. In addition, many of the experiences promote the child's readiness for the reading and number activities he will have in the first grade.

Are we learning about plants in the first grade? Or food and nutrition in the third? Or the earth's surface in the sixth?

Then, if we grow a few little plants in our classroom we will actually learn that plants need sunlight and air and water to live and grow. Or if we visit a supermarket, we will be able to learn at first hand many of the tasks involved in supplying a large population with food. Or if we gather different kinds of plants, and identify them and label them, and if we construct papier mache models of certain topographical features, and if perhaps we put all these things together into a kind of exhibit display, we will gain an understanding of our earth's surface that we could never get from reading alone.

WE DO READ, OF COURSE!

There never was a time when elementary schools made such rich use of books as they do today. There never were finer books—texts, reference and reading books—than we have and use today.

But—how can children learn the fundamentals when they are growing plants, visiting places outside school, and constructing displays?

Well—when, in first grade, we raise a few little plants, we do much more than learn about growing things. Our plants actually help us to learn to read . . . and learn to write.

When we visit a supermarket, or go on any kind of trip, we learn much more than the facts immediately connected with our visit. We have to figure how much the trip will cost, how much time it will take, and so on. When we get back, we discuss our experiences and write about them. We may write the supermarket manager a letter of thanks.

When we make a display, we learn a lot about vocabulary and spelling; we learn to print neatly, so we can label our display items; we write compositions about the items we display.

There are many other ways in which the curriculum is a *part of life*, rather than *apart from life*. We can't visit other lands, or restore ancient civilizations . . . but we can bring these things to us, and we do, by means of books, motion pictures, filmstrips, slides, television, recordings and pictures.

So, you see, we do teach "fundamentals." They're here, very definitely. We teach them through meaningful experiences. All of the basic subjects—reading, writing, mathematics, spelling, science, history and geography (usually called social studies) are part of the curriculum. And, of course, we also teach art, music, physical education, and French.

And so . . . this is the curriculum. It contains all the fundamentals, all the basic skills. In addition, it is related to life—life as the child knows it, as he can see it and hear it and touch it.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 4th grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 4th through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers will explain this to the pupils, but many times they do not bring correct information home.

Boys who **MUST PURCHASE A NEW SUIT** should buy the one-piece ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white shirt. Boys should wear ROYAL BLUE shorts, with elastic top, and sneakers (high top ones preferred), and white or SCHOOL "T" socks.

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT HAVE TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

In order that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Mondays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF CLEAR STREAM AVENUE. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and a bell for safety purposes.

GIFTS TO TEACHERS PROHIBITED

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or person on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:55 for grades 1 to 3 and 12:15 for grades 4 to 6 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any articles bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Monday and Friday, for conferences. Appointments are not necessary, but it is to your advantage to make one, so that you can be sure of the teacher's availability.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to those concerned.

WHO MAKES CURRICULUM CHANGES?

On the page over the month of March we discussed what curriculum is. On this page we want to delve more into this area; specifically, how curriculums are made and who makes them. Many changes have been made in recent years in what is taught elementary school pupils. Geography and history as separate subjects were combined into social studies some twenty years ago; science, though taught for many years in District Thirty, was only recently added to most elementary schools; mathematics has been given added emphasis in the past several years; and much for elementary pupils is an addition made in the past few years.

WHAT CAUSED THESE CHANGES?

There are a great many factors and reasons. The great explosion in scientific knowledge was a major factor. This has caused schools to not only emphasize science but has been one reason for the introduction of the new mathematics to the elementary school. The great improvement in means of communication—e.g. Telstar—has been a contributing factor to the shrinking of the world so that we are much closer to neighbors we thought of as remote and foreign to us. Knowledge of our neighbor's languages cannot help but increase the effectiveness of our communication and mutual understanding.

Improved transportation, as well as communication, has also aided in making this "One World" we now live in. Being so close in a matter of travel-time, it is more imperative than ever that we get to know the people of these other cultures, and it is most important, that we get to understand the reasons for their behavior thus, changes now taking place in the social studies, stress understanding of people.

Now, where did the impetus for such changes originate? Actually in a great number of places and people. First, many of the better ideas were gleaned by staff members at the educational conferences they have attended. In addition, visits to schools doing educational experimentation have often spurred local

changes. The State Education Department has suggested many changes but we have discovered that the schools of Long Island are usually ahead of the State Department in making changes. College and University professors have delved more and more in recent years into the elementary school curriculum and they have become stimulators to public school people in the area of curriculum change. Educational foundations have also spurred much of the changes with monies funneled into educational investigations. In recent months both the State and Federal government have made available funds to schools for further educational exploration.

All these agencies have contributed, and will continue to contribute, to the changes made in school curriculum offerings.

In District Thirty, the administrators and teachers are fully aware of what is going on in the area of curriculum change. We will continue to observe, study, and evaluate new proposed changes in the light of district needs and values to be gained by new approaches for the children of the district.

Education I mean that training in excellence from youth upward which makes a man
nately desire to be a perfect citizen, and teaches him to rule, and to obey, with justice.
the only sort of education which deserves the name. That other sort of training which
t acquiring wealth or bodily strength is not worthy to be called education at all."—Plato

BOARD OF EDUCATION

THE ROLE OF THE SPECIALIST

District Thirty has been indeed fortunate that its residents want the best for their children. Wanting the best, they have voted the necessary money to allow the district to provide specialists in addition to the needed classroom teachers. These specialists augment and aid the teachers in doing a better job for all pupils.

Working as a team, there are ten specialists. They include two guidance consultants, two part-time psychologists, four reading persons and two speech persons.

They function in the following manner:

Guidance Consultants — counsel pupils who are recommended to them by the classroom teachers and the administration. It may be because they are not achieving success in academic areas, because they are having trouble getting along with others, or because of many other reasons.

Psychologists — administer individual tests, interview teachers, consultants, and parents and on the basis of their findings, recommend procedures for teachers to use in the classroom to satisfy individual pupil needs. They also make referrals to outside agencies for some pupils.

Reading Consultant and Specialists — includes four members — one reading consultant and three reading specialists. The reading consultant coordinates the work of the reading specialists. Each specialist is assigned to a building where she is responsible, under the direction of the reading consultant, for teacher workshops, diagnostic testing, consultations with teachers, and remedial reading instruction.

Speech Consultant and Speech Teacher — the two members of this department perform two services. First, they conduct a developmental speech program in the kindergartens, coordinated with the reading readiness program, and second, they have a speech correction program for children having such a need.

The work of all these specialists is coordinated by the Elementary Consultant, who conducts weekly meetings with them, at which time individual pupils are discussed as to their progress, or lack of it, and further plans may be made on how to handle these special cases. *The emphasis is on the child*, and it is felt that all specialists working together as a team will surely prove of benefit to the child so that every pupil will have the opportunity to progress to the utmost of his ability.

SCHOOL POLICIES

SCHOOL HOURS

The hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
The hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Lunch is served beginning with the first day of school. Pupils may come for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 25c. Monthly menus are provided so that if foods are served which your child does not eat, you can make other provisions for him for those days. In case a child forgets his lunch money or his lunch, or loses either, we have a charge system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not part of the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the third week of the school year and is sold at a cost of 15c per week available each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

When your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before he goes to the classroom. Please be specific. Just saying, "he was ill," is not enough. Indicate whether it was "virus," "fever," "cold," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, not the classroom.

ENTRANCE TIMES

Primary grade children (Grade 1-3) are not allowed to enter the building before 8:50 a.m. and 12:50 p.m. at Shaw and Forest, and at 8:50 and 12:55 at Clear Stream, except that in inclement weather they may come into the designated area five minutes before the above times. For this reason and because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. Intermediate grade children (Grades 4-6) are not allowed to enter before 8:20 a.m. The teachers assign line-up areas on the playground for the various classes after school has begun in September.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 4th grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 4th through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers will explain this to the pupils, but many times they do not bring the correct information home.

Girls who **MUST PURCHASE A NEW SUIT** should buy the two-piece ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white blouse. Boys should wear ROYAL BLUE shorts, with elastic top, sneakers (high top ones preferred), and white or SCHOOL "T" shirts.

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT HAVE TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

In order that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Mondays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF CROFTON AVENUE. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and chain for safety purposes.

GIFTS TO TEACHERS PROHIBITED

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:55 for grades 1 to 3 and 12:15 for grades 4 to 6 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any articles bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Monday and Friday, for conferences. Appointments are not necessary, but it is to your advantage to make one, so that you can be sure of the teacher's availability.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to all concerned.

THE ADMINISTRATIVE TEAM

Unlike many other school districts, District Thirty operates not as individual school buildings but as "one school in four buildings." This is accomplished in many ways but primarily by team approaches to various aspects of the school program. The page over the month of March discussed one of these teams. This page is devoted to another of our teams — the administrative team.

The administrative team consists of the District Principal, the three building principals, and the elementary consultant.

This group supervises teaching, curriculum development, and all other aspects of the instructional program throughout the district. For instance, though the building principals are administrators in charge of their own buildings, they observe, besides their own teachers, the teachers in the other buildings in the district. Not only does this give all teachers more than adequate supervision, it gives all the administrators a good knowledge of the capabilities of all the teachers and some good ideas to carry to other teachers from one school building to another.

In addition, administrators, each having a different background, are charged with the responsibility for supervising curriculum committees of one type or another. These are formed as the need becomes apparent that some curriculum area has changed, and revisions are necessary. On the average two of these committees are in operation every school year. The administrator acts as the liaison between the committee and the other administrators.

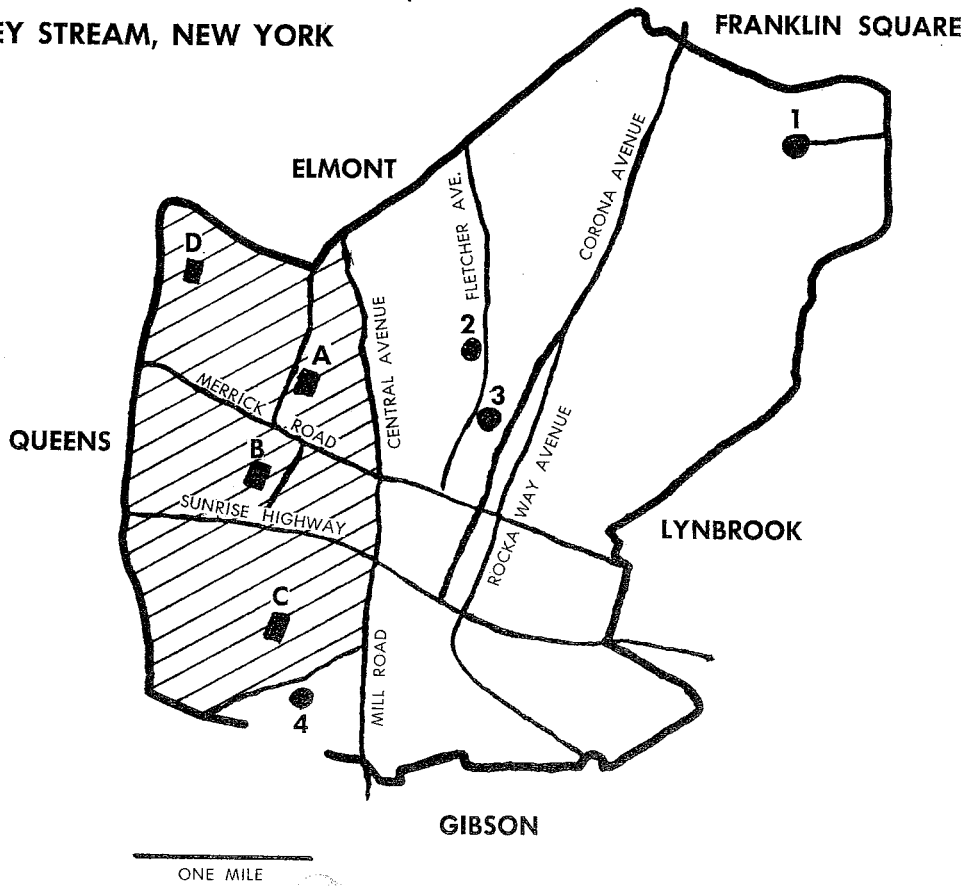

Teachers meet by grade-level several times each school year and an administrator is assigned to each group, again to act as a liaison person.

The administrator group meets weekly and at these meetings problems are brought forth and solutions sought. It is at this time that coordination of all aspects of the school program is effected and is one main reason for our saying that we have "one school in four buildings."

SCHOOL POLICIES

SCHOOL HOURS

Hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
 Hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Beginning with the first day of school. Pupils go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 25c. Monthly menus are provided so that you know what foods are served which your child does not eat, you can make other provisions for him for those days. In case a child loses his lunch money or his lunch, or loses either, we have a system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents if a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not included in the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 15c per week each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before coming to the classroom. Please be specific. Just saying, "he was sick" is not enough. Indicate whether it was "virus," "fever," "flu," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can notify the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date at all times. You will know whom to call should your child become ill and need to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, not the classroom.

ENTRANCE TIMES

Primary grade children (Grade 1-3) are not allowed to enter the building before 8:50 a.m. and 12:50 p.m. at Shaw and Forest, and at 8:50 and 12:55 at Clear Stream, except that in inclement weather they may come into the designated area five minutes before the above times. For this reason and because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. Intermediate grade children (Grades 4-6) are not allowed to enter before 8:20 a.m. The teachers assign line-up areas on the playground for the various classes after school has begun in September.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 4th grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 4th through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers explain this to the pupils, but many times they do not bring correct information home.

Who MUST PURCHASE A NEW SUIT should buy the same color ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white top. Boys should wear ROYAL BLUE shorts, with elastic top, sneakers (high top ones preferred), and white or SCHOOL "T"

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT NEED TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.

APPOINTMENTS WITH TEACHERS

Remember that pupils' classtime be used to the fullest advantage, request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Mondays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Elementary Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF CLEAR AVENUE. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and a bell for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective January 1, 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or person on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:55 for grades 1 to 3 and 12:15 for grades 4 to 6 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any articles bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Monday and Friday, for conferences. Appointments are not necessary, but it is to your advantage to make one, so that you can be sure of the teacher's availability.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to all concerned.

THE SCHOOL BUDGET

With many school budgets going down to defeat this past school year, it is our feeling that the taxpayers should be more informed in regard to this part of the school program.

Like our own personal budgets, school budgets have been greatly affected by the increased costs in all areas. Costs of paper, pencils, textbooks, fuel oil, repairs and maintenance of buildings have all risen, to mention only a few items. The largest increase in school budgets has been employee salaries for the same reasons that salaries in business have risen. In addition, new mandates from the State of New York have required boards of education to pay more and more of the costs of teacher retirement and other fringe benefits without monetary help from the State. Your Board of Education has nothing to say about such increases; they are required by law to comply. This part of the school budget represents from 80 to 85% of the budget.

The other 15 to 20% of the budget covers items such as cafeteria, summer recreation programs, interscholastic sports, new equipment, new textbooks, renovations to the buildings, extra-curricular activities, use of the building by community

groups, and the like. These are the items which are usually eliminated when a district must go on an austerity budget. They are also some of the most important as was shown by a study made by the Metropolitan School Study Council of a few years ago. This study showed that where a school district spent adequate money on these parts of the budget, there was a positive correlation between amount of money spent and the excellence of the school program.

For the resident who really wishes to have something to say about the school budget, we advise you to keep aware of what the New York State legislature considers at each legislative session when bills are introduced which concern education. Your Parent-Teacher Associations keep well abreast of these matters and can inform you. After you have gained the facts, then make your feelings known to your representatives to help guide how they vote on such matters. Your own Board of Education begins formulating the budget each January. Attendance at its regular monthly meetings will help keep you informed. Look for the meeting dates in this calendar. All meetings are held at the Shaw Avenue School and begin at 8:15 p.m.

STARS TO STEER BY
It's nice to be important, but more important to be nice. It's not where you live, but how you live. One is not likely to get lost on a straight road."
—Speaking to all youth

HISTORY OF UNION FREE SCHOOL DISTRICT THIRTY

As is typical of Long Island School districts, District Thirty began as a small rural school and since has blossomed into what it is today. The records are not available for all its years of existence but the facts and figures we do have are quite revealing.

For instance, in 1945 Clear Stream Avenue was the only school building and it had an enrolment of 525 pupils. Shaw Avenue opened in 1950, at which time the school population had increased to 1210 pupils. With the continued influx of new residents, it was necessary to open Forest Road in 1953 when the district enrolment had risen to 2207.

Each year, from 1953 on, there were increases in the number of pupils until the top figure of 2685 was reached in 1957-58. Since that year there has been a gradual decline in enrolment so that the expected enrolment for 1967-68 will be about 2000.

Along with the increases in pupil numbers came increases in the number of teachers and other employees and correspondingly, larger budgets and higher taxes. In 1948, there were 29 people on the professional staff. This rose to a top of 114 in 1957-58. The tax rate in 1948 was \$1.70 and has risen each year to the present estimated \$7.29 for 1967-68.

Of interest is, that from the days when it was necessary to have some classes on split-sessions (1950-58) and class

sizes of 34 pupils per class, we now have all groups on full-time and a class size of about 24 pupils per class.

The population of the district was 13,075 in 1953 and rose to 17,596 by 1962. Since that year, it has remained fairly stable and in 1966 it was 17,462. The history of other communities, similar to Valley Stream, shows that, after a decrease in school population such as we have had in District Thirty, the older residents move, new, younger couples take over the homes and begin to raise their families, and the school population begins to rise again. There is no guarantee that this will happen here but this is what has transpired in other areas.

The Board member with the longest service is Dr. Robert Bell, who has served continuously since 1949, a total of 18 years. Included in those years are six terms as President of the Board of Education, the present position which Dr. Bell holds on the Board. Added to these years of service to the district is Dr. Bell's recent election as a trustee to the new Board of Cooperative Services for Nassau County.

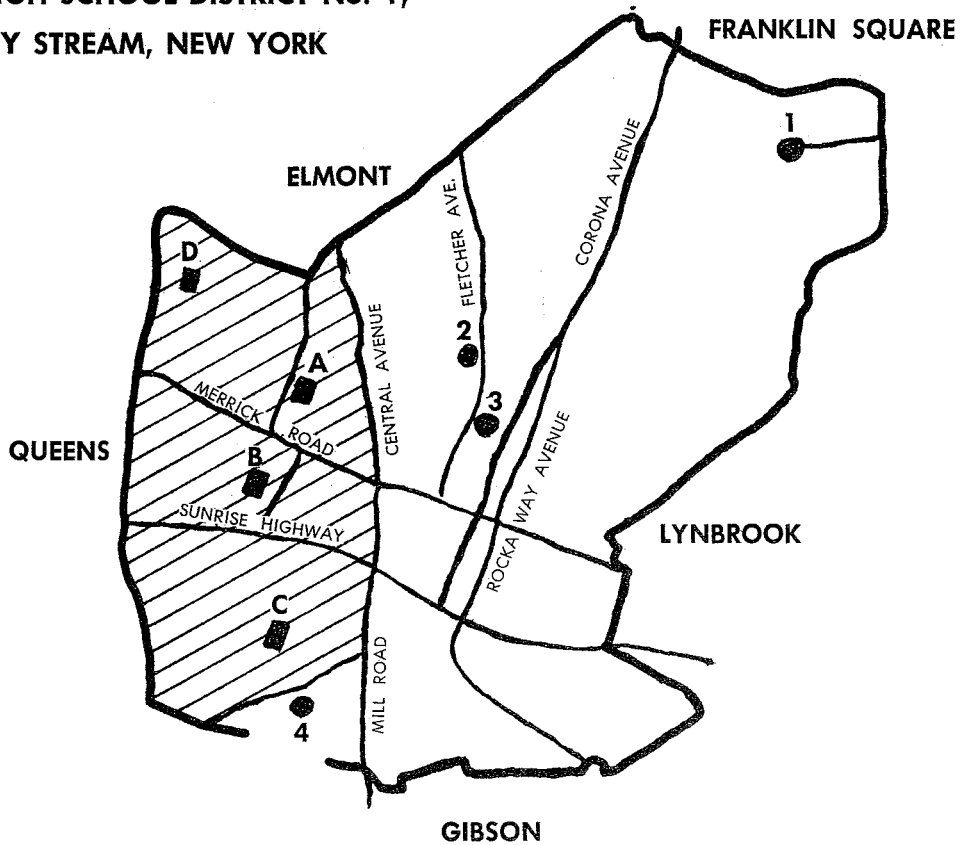

Mrs. Elinor McAuliffe holds the distinction of being the only woman to have served as a trustee of the Board of Education in District Thirty and has served since 1958, a total of 9 years. Two of those years were as the President of the Board. She also has been one of the district's representatives to the Central High School Board and served as president of that Board in 1965-66.

SCHOOL POLICIES

SCHOOL HOURS

hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

is served beginning with the first day of school. Pupils go for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 30c. Monthly menus are provided so if foods are served which your child does not eat, you can make other provisions for him for those days. In case a child loses his lunch money or his lunch, or loses either, we have a system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents if a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not sold with the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 15c per week each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before coming to the classroom. Please be specific. Just saying, "he was sick" is not enough. Indicate whether it was "virus," "fever," "flu," etc. A note is required for an absence due to a religious observance. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can notify the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, not the classroom.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime — Clear Stream:	Grades 5 & 6 — 12:05
Grades 3 & 4 — 12:35;	Grades 1 & 2 — 1:05

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

MARCH 1969

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
	AGES ELEVEN & TWELVE: Physical Development —A "resting period" followed by a period of rapid growth. Girls usually taller than boys. Enormous but capricious appetite. Uneven growth of different parts of the body. Characteristic Behavior —Gangs continue, more loyalty to the group. Marked interest differences between boys and girls. Group opinion valued. SPECIAL NEEDS —Understanding of coming physical changes. Warm affection and sense of humor in adults. No nagging or talking down.					1

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 4th grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 4th through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers will explain this to the pupils, but many times they do not bring correct information home.

Who **MUST PURCHASE A NEW SUIT** should buy the **ROYAL BLUE**, bloomer type, with elastic bottoms, or **ROYAL BLUE** shorts with elastic insert in the cuff, and a white t-shirt. Boys should wear **ROYAL BLUE** shorts, with elastic top, and sneakers (high top ones preferred), and white or **SCHOOL "T"** shoes.

IF YOUR CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT NEED TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

Remember that pupils' classtime be used to the fullest advantage, so request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Mondays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Elementary Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live **NORTH OF CLEAR AVENUE**. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and reflectors for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective January 1, 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any articles bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Monday and Friday, for conferences. Appointments are not necessary, but it is to your advantage to make one, so that you can be sure of the teacher's availability.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to all concerned.

THE SCHOOL BUDGET

Many school budgets going down to defeat this past school year, it is our feeling that the taxpayers should be more informed in regard to this part of the school program.

Like our own personal budgets, school budgets have been greatly affected by the increased costs in all areas. Costs of paper, pencils, textbooks, fuel oil, repairs and maintenance of buildings have all risen, to mention only a few items. The largest increase in school budgets has been employee salaries for the same reasons that salaries in business have risen. In addition, new mandates from the State of New York have required boards of education to pay more and more of the costs of teacher retirement and other fringe benefits without monetary help from the State. Your Board of Education is nothing to say about such increases; they are required by law to comply. This part of the school budget represents from 80 to 85% of the budget.

The other 15 to 20% of the budget covers items such as cafeteria, summer recreation programs, interscholastic sports, new equipment, new textbooks, renovations to the buildings, extra-curricular activities, use of the building by community

groups, and the like. These are the items which are usually eliminated when a district must go on an austerity budget. They are also some of the most important as was shown by a study made by the Metropolitan School Study Council of a few years ago. This study showed that where a school district spent adequate money on these parts of the budget, there was a positive correlation between amount of money spent and the excellence of the school program.

For the resident who really wishes to have something to say about the school budget, we advise you to keep aware of what the New York State legislature considers at each legislative session when bills are introduced which concern education. Your Parent-Teacher Associations keep well abreast of these matters and can inform you. After you have gained the facts, then make your feelings known to your representatives to help guide how they vote on such matters. Your own Board of Education begins formulating the budget each January. Attendance at its regular monthly meetings will help keep you informed. Look for the meeting dates in this calendar. All meetings are held at the Shaw Avenue School and begin at 8:15 p.m.

						Dist. No. 30 Bd. of Ed. Meeting, 8:15 p.m.

I dream further of the emerging American who will be a unique individual in a society of diversity, but who will not cultivate a kind of atomistic individualism, one who will know that man can become a monster unless he forges the nexus that ties him by a sure human connection to his fellow human beings."—MAX LERNER

NOVEMBER 1969

DAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
You Know That District Thirty was the only school district in Valley Stream to participate in the Metropolitan School Study Council Indicators of Quality research, a study of classroom techniques (1967 & 1969)? . . . That the New York State Education Department survey of the District Thirty schools of a few years ago rated them as of exceptionally high calibre? . . . That science as a course of study has been taught in the District Thirty schools for over thirty years?					1

Do You Know . . .
 . . . That the administrators in the District Thirty schools work as a team — supervising instruction in all four buildings?
 . . . That more than thirty articles written by District Thirty personnel have been published in professional journals in the past fifteen years?
 . . . That more than ten sets of flouting authored by District Thirty . . .

SOME PARENT'S QUESTIONS ANSWERED

Here are a few questions constantly asked by many parents which we feel can be answered on this page of your Activity Calendar.

QUESTION: "Is there a shortage of Social Studies and Science textbooks for the pupils?"

ANSWER: No. Both of these subjects are taught using a variety of approaches. There is no one textbook for either subject. Rather than a single textbook we use a few copies of several different textbooks (about ten to twelve copies of each of several different series), so thus in each of these subjects there can be as many as sixty to eighty textbooks. In this way, youngsters are taught to use different resources for answers to questions as well as to make comparisons of authors' viewpoints. In addition, the pupils often work in small committees doing research and thus are learning how to get along with each other. They also make reports of their findings to the rest of the class so they are learning the skills necessary for good communication.

QUESTION: "How are children placed in the next year's classes?"

ANSWER: District Thirty has what is called "planned heterogeneity." Each June the teachers are issued promotion forms and planning groups for the next year's classes. Prime consideration is given to form groups which are a cross-section of all ages of pupils—balanced as nearly as possible in all respects. The teachers of a grade-level, using the promotion forms, meet to assign youngsters to groups labeling them A, B, C, and so on, thus assuring that all groups are as equal as we can make them. The building principals then assign the groups to teachers. You can rest assured that very careful thought goes into all this procedure.

QUESTION: "What procedure should I follow when dealing with my child's school problem?"

ANSWER: Dealing with your child's classroom problems is simple, direct and satisfying if you will follow this procedure:

1. First, have a conference with the teacher. This is best arranged by telephoning in advance for an appointment; in this way you are sure of having the teacher available.

During the conference, you and the teacher should explore all aspects of the problem or question that has arisen, and understand fully the measures to be taken by the school, the home, or school and home jointly.

2. If a satisfactory solution cannot be found, then take the problem to the principal. Again, a telephone call first will assure you of his availability. During the course of your meeting with him, he may or may not ask the teacher to join the conference, and, on rare occasions, your child, too.

There are two *don'ts* to observe:

1. Don't make your first contact with the principal. After all, it is the teacher who is in constant direct contact with your child and who is in the most strategic position to work out a solution with you. So see the teacher first, and then, if necessary, see the principal.

2. Don't call the PTA. The PTA is a semi-official adjunct of the school, but it has no connection with the teaching or administrative operations of the school.

Usually, your conference with the teacher will solve your problem, or at least get things underway. Please remember that some situations take time to change; in some cases there is no instant solution.

There is one category of problems which you should take directly to the principal; those which are not classroom problems. In such instances, there is no need to see the teacher first.

Remember: The first concern of the school is your child. Now, as in the past, school personnel are always available to you. There is no problem that cannot be solved when the school and the home work together in the best long-range interest of the child. The doors are always open to you in these, your Friendly Schools.

WHY WE NEED MORE STATE AID

One does not have to read in the newspaper that the cost of living is going up and up. He sees daily, when he goes to the supermarket, how little he can buy for \$10.00. The New York metropolitan area is one of the highest cost-of-living areas in the country, and this fact makes budgeting for school purposes comparatively more difficult here than in other areas of the State.

Add to the higher costs the action of the New York State legislature in its recent session—the cutting back of state aid—and you have the dilemma faced by your local Board of Education. How can the Board continue to provide the quality education for which the district has been known, and still keep costs within reasonable bounds?

To answer this question, the Board of Education spends many, many hours deliberating on each aspect of the budget, and it is only after long time and thought that it formulates what it considers an adequate financial program for the following year.

Despite all its efforts and time, the Board is limited by certain laws and mandates from the State of New York. For example, laws require local school districts to pay more and more towards transportation of pupils to private and parochial schools, transportation and tuition for handicapped pupils, and for teacher retirement and other fringe benefits. The Board has nothing to say about such increases; they are required by law to comply.

What can you do about the higher school budgets? Our only advice is to continue to press your state legislators to increase, rather than decrease, state aid to local school districts. After all, over 85% of the school budget is allocated to salaries, retirement and other mandated items. If every taxpayer in District Thirty were to make his feelings known to his local legislators, this should help bring about the desired effect: to have the State assume more of the costs of education.

We urge all of you to keep aware of what the State legislature does each year. Your local Parent-Teacher Associations keep well abreast of these matters and can inform you. In addition, very adequate coverage of legislative actions is in your local newspapers.

You can rest assured that the Board of Education will continue to give careful consideration to this year's budget and to future budgets, and that it is extremely grateful for the local support given it by the taxpayers of District Thirty.

SCHOOL POLICIES

SCHOOL HOURS

Hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
 Hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Lunch is served beginning with the first day of school. Pupils who do not come home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 35c. Monthly menus are provided so that all pupils are served which your child does not eat, you can make other provisions for him for those days. In case a child forgets his lunch money or his lunch, or loses either, we have a loan system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents if a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not sold with the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the middle of the school year and is sold at a cost of 15c per week each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before coming to the classroom. Please be specific. Just saying, "he was sick" is not enough. Indicate whether it was "virus," "fever," "flu," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can notify the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date and that all know whom to call should your child become ill and you have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, not the classroom.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime — Clear Stream: Grades 5 & 6 — 12:05	
Grades 3 & 4 — 12:35; Grades 1 & 2 — 1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers explain this to the pupils, but many times they do not bring correct information home.

Who MUST PURCHASE A NEW SUIT should buy the same ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white shirt. Boys should wear ROYAL BLUE shorts, with elastic top, sneakers (high top ones preferred), and white or SCHOOL "T"

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT NEED TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.

APPOINTMENTS WITH TEACHERS

In order that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Mondays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Elementary Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF CLEAR AVENUE. Bicycles used to come to the Shaw Avenue school will be assigned a number. All must have a lock and helmet for safety purposes.

GIFTS TO TEACHERS PROHIBITED

The policy of the school district which became effective January 1, 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any articles bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Monday and Friday, for conferences. Appointments are not necessary, but it is to your advantage to make one, so that you can be sure of the teacher's availability.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see a big brother perform, they are often distracting to a child concerned.

OCTOBER 1970

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
Runners in a race do not stop short when they reach the goal. There is a little gas left in the canter before coming to a standstill. There is time to hear the kind words of friends and to say to one's self: "The race is over, but the work is never done while the power to work remains." The canter that brings you to a standstill is only a moment before you will be coming to rest. It cannot be, while you still live. For to live is to work. That is all there is to living. — Oliver Wendell Holmes, Jr.

imitator is a poor kind of teacher. If a man paints only the tree, or flower, or other surface ees before him were an artist, the King of artists would be the photographer. It is for the t to do something beyond this: in portrait painting to put on canvas something more than face the model wears for that day; to paint the man, in short, as well as his features. 28 George Washington, Commander of the American armies, who, like Joshua of old, commanded the sun and the moon to stand still, and they obeyed him.
 — A toast at a dinner in Versailles by Benjamin Franklin

Abraham Lincoln . . . who was at home and welcome with the humblest, and with a spirit and practical vein in the times of terror that commanded the admiration of the wisest. His heart was as great as the world, but there was no room in it to hold the memory of a wrong.
 — Ralph Waldo Emerson

SAFETY FOR YOUNGSTERS IS A COOPERATIVE AFFAIR

It is the observation of all school personnel that safety for youngsters is a joint responsibility of both parents and the school. This being true, we would like to point out several areas wherein all of us can improve this important aspect of growing youth.

It would seem that many parents do not realize that when they sign permission slips to allow their children to go out for lunch, rather than eating in the school cafeteria or at home, they are allowing these boys and girls to be unsupervised for a minimum of an hour each day. In addition, when a child goes to a delicatessen or lunch counter for lunch, he is not permitted to return to the school until the afternoon session begins; so again he is unsupervised during this period of time.

In the same vein, many children arrive at school each day as much as an hour before school begins. No supervision is provided on the playground before school begins in the morning; so once again some very young children are "on their own" — unsupervised — for quite a long period of time.

The playgrounds are not supervised after school hours, nor on weekends or holidays, and many children are climbing fences and even onto the school roofs! Do we need to mention how dangerous this is?

A further hazard needs to be stressed which is directly under the control of parents and that is parking in restricted areas on rainy days to pick up children. The reason for the restrictions on parking is to safeguard *your children* and when you disobey these signs, you are endangering the safety of your child and showing a disregard for rules. Children of elementary school age are often oblivious to hazards of which adults are automatically aware.

The use of the playgrounds for minibikes and bicycles is another dangerous practice we need to call to your attention. Again, this happens after school hours, weekends, and holidays, when there is absolutely no supervision. The danger to other youngsters from these vehicles is very great and we are fortunate that no youngster, as yet, has been injured.

From the recent newspaper stories, we are sure you realize that the Nassau County Police are now enforcing the law in regard to fireworks. We in the schools must, in conscience, report any child who appears at school with fireworks, for the safety of the hundreds of children under our care.

Safety is important and vital and we bring all these facts to your attention with the hope that *together we can make it a safer community for all children.*

EDUCATIONAL SCHOOL SYSTEMS — VALLEY STREAM

In deference to the new residents of the district, and a refresher to those who have lived here for a while, we present an explanation of the make-up of the Valley Stream schools.

There are three elementary school districts (Nos. 13, 24, and 30) which are separate and autonomous. Each of these has school boards elected by the taxpayers of that district and each has its own budget upon which its voters must pass in any given year.

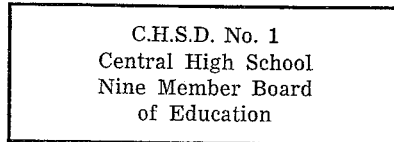

The Board of Education of Central High School District No. 1 is made up of three members from each of the three elementary school districts. These members are elected to serve on the high school board by the elementary school boards of education.

The Central High School budget is separate from the elementary budgets but is voted on each year at the same time — usually the first Wednesday in May.

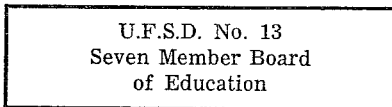

Notwithstanding that each district is autonomous unto itself, there is great collaboration among the four districts. The Boards of Education have formed what is called the "Joint Boards" which meets several times each year to consider matters of mutual concern — i.e., teacher salaries and bylaws.

Cooperation among the districts is epitomized by a committee composed of representatives of each elementary district and the high school district (the Inter-district Committee). These staff members meet at least once a month and coordinate such matters as assignment of student teachers; curriculum areas, such as social studies, to insure continuity from the elementary schools to the high schools; the setting up of village-wide in-service courses for teachers; forming of evaluation committees to study some particular program (such a committee is now assessing our Foreign Language Program); and many other areas of concern to all Valley Stream schools.

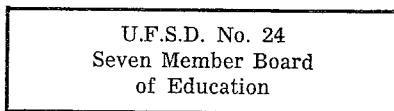

The following diagram depicts just how the school districts are set up.

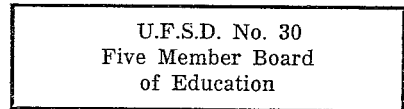

Three members of each elementary board of education are elected by the individual elementary boards to serve on the high school board of education.

Taxpayers of this district vote on their own budget and school board members.

Taxpayers of this district vote on their own budget and school board members.

Taxpayers of this district vote on their own budget and school board members.

Taxpayers from three districts vote on the high school budget.

SCHOOL POLICIES

SCHOOL HOURS

Hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
 Hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Lunch is served beginning with the first day of school. Pupils who do not come home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 35c. Monthly menus are provided so that all pupils are served which your child does not eat, you can make other provisions for him for those days. In case a child loses his lunch money or his lunch, or loses either, we have a system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents if a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not sold with the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 15c per week each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before he comes to the classroom. Please be specific. Just saying, "he was absent" is not enough. Indicate whether it was "virus," "fever," "cold," etc. A note is required for an absence due to a religious observance. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can advise the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and need to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, not the classroom.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime—Clear Stream: Grades 5 & 6—12:05	
Grades 3 & 4—12:35; Grades 1 & 2—1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

WHO WANTS TO SERVE ON THE BOARD OF EDUCATION?

As there seems to be confusion in the minds of some people regard to the composition of your Board of Education, we are devoting this page to that topic.

The Board of Education in District Thirty is composed of five members, each elected for a period of five years. Board of Education Trustees serve *without* pay and devote most of their free time to Board activities.

In addition to the regular Board meetings (which are usually the fourth Tuesday of each month), there are innumerable other nights devoted to Board activities which occupy a Board Trustee's time. Among these are negotiation meetings with the various groups of school employees (teacher, administrative, custodial and office staffs) which in some cases can take at least one night a week for ten to fifteen weeks, or longer; meetings of the Nassau-Suffolk School Boards Association; budget preparation meetings; budget hearings; the annual budget vote; High School Board meetings for three Trustees from District Thirty; The Board of Cooperative Educational Services meetings for one Trustee; meetings of the various Board committees throughout the year; and a host of other activities which use up what might be free time for most other people.

The background of each Board member may be of some interest to you. Mrs. Elinor McAuliffe is a homemaker living in the Forest Road area and a graduate of the Maxwell Teachers Training School in Brooklyn. Dr. Robert Bell is president of Lucius Pitkin, Incorporated, a firm of consulting chemists and metallurgists, and resides in the Clear Stream Avenue area.

Mr. Nathaniel Altschul is president of Altschul-Batterson Company, Incorporated, an insurance firm, and lives in the Forest Road area. Mr. James R. Smith is a professional engineer and an associate in the firm of Cafarelli Associates, Consulting Engineers, and resides in the Shaw Avenue area. Mr. Joseph M. Barry is Assistant Director of Family Services in the Nassau County Department of Social Services, is a certified social worker, and lives in the Clear Stream area.

School Board membership is demanding and challenging in its opportunity to consider and make decisions about this very vital area of government service. It is rewarding in the sense of having rendered civic service of the highest order. It also can be difficult and thankless in that Board members may sometimes find themselves pressured by proposals and complaints.

District Thirty has indeed been fortunate in-so-far as time and again loyal and civic-minded people have stepped forward and served on the Board. Any progress we have made is due to their forward and tireless efforts.

TIME DOES NOT STAND STILL

District Thirty schools are changing. Whether we like it or not, change takes place constantly. If we ignore it, we are apt to be left standing alone while the rest of the world passes us by. This is true of many things—education in particular.

In District Thirty, we endeavor to keep up to these changes. In case in point—two teacher committees, which included some parents, were functioning this past school year and spent much time studying individualization of instruction and the use of Learning Centers, respectively. Out of these committees have come recommendations which are being implemented this coming school year.

Clear Stream Avenue School will begin the school year with a renovated library and Learning Center located on the second floor of the building, which will not only house books but listening posts (carrels) where pupils can do individual work using a variety of audio-visual aids such as film-strips, record players, tape recorders, transparencies and picture files—name only a few. In the other schools, Forest Road and Shaw Avenue, small areas have been set aside for these carrels, to be used in the same way as at Clear Stream Avenue School. If proven of great worth this school year, consideration will be given to expanding the program in the future.

Several teachers tried different techniques to individualize instruction this past year and most were quite enthusiastic about the results. Because of these trials, and because the committee on individualization has made several strong recommendations, we foresee that more and more teachers will move in this direction in this school year.

Several pilot programs have been initiated in the district

this past year, among them being a reading program in the fifth grades wherein pupils are grouped across the grade; a new science program was tried in all first grades throughout the district which allowed the pupils to observe various phenomena and to make judgments based on what they saw. This program will be added to the second grades this year (SCIS).

For years, the philosophy in reading was for the reading teacher to take pupils out of the classrooms for remedial help. This coming year, the reading specialists will do the remedial work in the classrooms for most pupils. In this way, through the close cooperation of the reading personnel and the classroom teacher, awareness of childrens' needs and how to meet them will be paramount.

New things are happening in many other schools in the area. To keep up to these programs, many of our teachers and administrators visited these other schools this past year and have brought back many ideas and techniques to better our own programs. Attendance at educational conferences served the same purposes.

Because of the obvious need for it, one of our teachers, who taught a half-day kindergarten class, has spent the other half-day working with the first grade pupils who were deficient in language development by providing them with meaningful experiences and training in needed skills.

Many of our teachers have taken inservice courses in drug education and mathematics this past school year thus helping to better our offerings to the pupils in these areas of instruction.

Time does not stand still and neither does District Thirty. Changes are being made, or contemplated, to better our educational program for the good of all the pupils.

SCHOOL POLICIES

SCHOOL HOURS

hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
 hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Lunch is served beginning with the first day of school. Pupils go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 35c. Monthly menus are provided so that if foods are served which your child does not eat, you can make other provisions for him for those days. In case a child forgets his lunch money or his lunch, or loses either, we have a cash system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents if a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is *not* sold with the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 15c per week payable each Thursday for the following week. You will be billed as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he give a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse *before* he goes to the classroom. Please be specific. Just saying, "he was sick," is not enough. Indicate whether it was "virus," "fever," "cold," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can contact the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and need to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, *not* the classroom.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime—Clear Stream: Grades 5 & 6—12:05	
Grades 3 & 4—12:35; Grades 1 & 2—1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers explain this to the pupils, but many times they do not bring correct information home.

Who **MUST PURCHASE A NEW SUIT** should buy the piece **ROYAL BLUE**, bloomer type, with elastic bottoms, or **ROYAL BLUE** shorts with elastic insert in the cuff, and a white t-shirt. Boys should wear **ROYAL BLUE** shorts, with elastic top, and sneakers (high top ones preferred), and white or **SCHOOL "T"** shoes.

A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT HAVE TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

In order that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Mondays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live **NORTH OF CLEAR AVENUE**. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and a bell for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective January 1, 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Monday and Friday, for conferences. Appointments are not necessary, but it is to your advantage to make one.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see a big brother perform, they are often distracting to a concerned parent.

THE DEVELOPMENT OF PERCEPTUAL SKILLS

The close relationship between the perceptual development of the young child and the learning process has been well established.

Perception is the ability to understand the world around us. It involves the brain's interpretation of what the eyes see in terms of meaning and action. No one is born with this ability; it is developed. It does not have a direct connection with intelligence. A child develops perceptual skills through the use of all his senses. The greatest period of perceptual growth occurs between the ages of 3½ and 8 years.

Perceptual ability is more than receiving sensory impressions from the world around us through one's body. It is the ability to identify and interpret these sensory impressions and also to integrate them with previous experiences. Therefore, a child perceives and develops an understanding of his world in relation to his own body and his experiences.

The following is a brief outline of the kinds of activities you and your child can do together which will help to develop perceptual skills and abilities within this five year span. It should be remembered however that children develop at different rates and the activities selected should be within the child's capabilities.

I. MOTOR DEVELOPMENT

A. Large muscle coordination:

1. Games involving skipping, jumping, climbing, hopping and throwing
2. Creeping and crawling games (such as following knee and hand prints along a course)

B. Fine motor coordination:

1. Buttoning
2. Lacing
3. Clay work
4. Finger painting
5. Puzzles

C. Visual-Motor activities:

1. Ball throwing and catching
2. Nail pounding
3. Bead stringing
4. Block building

II. BODY IMAGE

The child has to develop an understanding of the left and right side of his own body, as well as an understanding of what is the left or right side of whatever object he is looking at. The child must know that left or right are always in reference to himself.

- A. Identification of body parts (touch your toes, head, neck, etc.)
- B. Figure assembly

III. PERCEPTUAL CONSTANCY

This refers to the ability to recognize an object regardless of its position, color, size and brightness.

- A. Matching and sorting different geometric shapes or objects
- B. Picture selection on the basis of likenesses or differences
- C. Finding different sizes of the same objects

IV. AUDITORY PERCEPTION

This refers to the ability to discriminate between different sounds and associate these sounds with previous experiences.

- A. Listening to records
- B. Listening games in which the child must:
 1. Identify various sounds (humming, clapping, tapping, etc.)
 2. Discriminate between high and low pitch, loud and soft, like and unlike, and near and far sounds

V. TACTILE DISCRIMINATION

A. Seeing, touching and comparing objects of different texture, temperature, and size

B. Identifying different shapes when blindfolded

This *limited* list of suggested activities will aid your child in developing the ability to select and coordinate the information he receives through his senses and provide a base for future learning.

PARENTS AS MODELS FOR CHILDREN'S SPEECH

When a child enters school he has already acquired a pattern of language and speech. By means of a process of trial and error he has adjusted to his family and friends' language and speech structure. His own system of communication is a result. He can't quite produce all sounds, he can approximate them as to be understood. He is said to have a vocabulary of one thousand words or more for each year of his life. This is a large vocabulary, to be sure, but in our complex society it is not large enough. It is necessary for him to learn additional meanings for the words he knows and to increase his vocabulary. He also has to refine his sound production so that it becomes readily understandable.

As parents and teachers we can provide models for children to grow naturally and build upon what the child already knows. The following is a suggested list of things we as parents and teachers can do to help:

1. Set a good example by using clear, unhurried speech. A child learns by imitation!
2. Don't let other children in the family speak for a child.
3. Teach your children to *listen* (to directions, stories, poems, etc.). Poor listening habits should not be confused with faulty hearing. A child's hearing may be perfect and yet he may not be able to listen well enough to hear the difference between similar consonants (p-b, t-d).
4. Keep your face turned toward your child while conversing. In order to imitate correctly, the child must perceive the correct formation of tongue, lips and teeth.

5. Don't talk baby talk! Encourage independence. A child will cling to immature patterns for security and protection.

6. Don't overcorrect or nag. Merely repeat a sound or word gently and correctly.

7. If your child hesitates or repeats sounds (which is quite normal) do *not* ask him to slow down, take a deep breath, and start over. Do not call attention to his speech pattern.

8. Present a calm unhurried atmosphere in which your child can communicate freely.

9. Remember to name things for children, and to expose them whenever possible to enriching experiences (trips, shopping, museums, etc.) which will increase language skills.

In District No. 30 great emphasis is placed on expanding vocabulary and encouraging good listening and communication in the early grades. The speech teachers conduct weekly lessons in Kindergarten and First grade which are reinforced by daily classroom activities.

Beginning in second grade, those children who need additional help with developing language or specific speech sounds are placed in a corrective program. It is a district policy to begin actual speech therapy in second grade except where a severe communication disorder is evident. Children work in small groups, with the children leaving their classrooms at a time mutually arranged by the classroom and the speech teacher.

SCHOOL POLICIES

SCHOOL HOURS

hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
 hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

is served beginning with the first day of school. Pupils go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 40c. Monthly menus are provided so if foods are served which your child does not eat, you can eat other provisions for him for those days. In case a child forgets his lunch money or his lunch, or loses either, we have a system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents if a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not sold with the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 25c per week each Thursday for the following week. You will be billed as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before he goes to the classroom. Please be specific. Just saying, "he was sick" is not enough. Indicate whether it was "virus," "fever," "flu," etc. A note is required for an absence due to a religious observance. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can advise the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so we will know whom to call should your child become ill and go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, *not the classroom*.

ENTRANCE TIMES

Morning—All Schools	Noontime—Shaw & Forest
Grades 1, 2, & 3—8:50	Grades 1, 2, & 3—12:50
Grades 4, 5, & 6—8:20	Grades 4, 5, & 6—12:20
Noontime—Clear Stream: Grades 5 & 6—12:05	
Grades 3 & 4—12:35; Grades 1 & 2—1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers will explain this to the pupils, but many times they do not bring correct information home.

Who **MUST PURCHASE A NEW SUIT** should buy the best ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white shirt. Boys should wear ROYAL BLUE shorts, with elastic top, and sneakers (high top ones preferred), and white or SCHOOL "T" shoes.

Who **HAS ANOTHER COLOR, OR TYPE, HE DOES NOT NEED TO BUY A NEW ONE.** The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

Remember that pupils' classtime be used to the fullest advantage, and request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF SHAW AVENUE. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and helmet for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective Jan-1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Wednesday and Friday, for conferences.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

EVERYONE IS CREATIVE IN SOME WAY

Our theme for this Activity Calendar is creativity and thus all the quotations in it have to do with this subject.

In years gone by, most authorities felt that creative people were only artists, musicians, or writers, but research in recent years has pin-pointed that creativity takes place in all walks of life, not only in the field of art.

Professor Calvin Taylor of the University of Utah, has done extensive research on this subject and has identified over fifty different forms of creativity. Some may not agree with his definition of what creativity actually is but it makes sense to us.

For instance, both divergent thinking and convergent thinking are considered two forms of creativity. The person who thinks divergently will take some small idea and expand it so that many, many new ideas come from the lone original thought. A man in Research and Development for a big corporation would be a thinker of this type.

A convergent thinker is one who can take many ideas and "sift out the chaff" bringing all these ideas to a head. An editor is a thinker of this type.

Though we don't agree with all his characteristics, we here-with present John W. Haefele's Profile of a Creative Person.

IN RELATION TO OTHERS:

Not a joiner—Few close friends—Independent—Dominant—Assertive, bold, Courageous—Little interest in interpersonal relations—Independence from parents—Independence of judgment, especially under pressure—Conventional morality

IN JOB ATTITUDES:

Preference for things and ideas to people—High regard for intellectual interests—Less emphasis on and value in job security—Less enjoyment in and satisfaction from detail work and routine—High level of resourcefulness and adaptability—Skeptical—Precise, critical—Honesty, integrity—Ability to toy with elements—Capacity to be puzzled—High tolerance from ambiguity—Persistence—Emphasis on theoretical values

ATTITUDES TOWARD SELF:

Introspective, egocentric, internally preoccupied—Openness to experiences—Less in need to protect self—Inner maturity—Great ego strength, strength of character—Highly responsive emotionally—Less emotionally stable—Less self acceptance

OTHER CHARACTERISTICS:

Spontaneity, enthusiasm—Stubbornness—Originality—Adventurous—High Excitability and irritability—Compulsive—Complex as a person—Anxious.

We have seen exceptions to some of these characteristics but they do give us a guide to think about.

That's the reason for this article. As it takes both parents and the school to educate a child, knowing what a creative person is like may give us all some guidance in developing the most important resource we have—our gifted, creative youngsters!

THE TEACHING OF RESPONSIBILITY

If we are trying to effect "a school without failure,"* then one of the most important tasks is the teaching of responsibility. Ordinarily children learn by means of a loving relationship with responsible parents, an involvement which implies parental example and parental teaching. Through the proper combination of love and discipline the responsible parent creates the necessary involvement with his child and teaches him responsibility. Children, who are not exposed early in their lives to others who care about them enough to love and discipline them, may never learn to be responsible. For that failure they may suffer interminably.

Responsibility can be learned at any age. Never-the-less, it is easier to learn correctly at first than to overcome bad learning. Learning how to study in college is more difficult than learning in elementary or high school.

Many parents will agree—that children do not learn responsibility easily. Children do not know that what seems so simple to them will not fulfill their needs, so almost from infancy they rebel against reality that they must learn from their parents how to fulfill their needs. Later, when they are old enough to recognize reality, they test their parents with irresponsible behavior. Through discipline, tempered with love, parents are teaching their children to behave better. The child knows that the parent cares.

Children want to become responsible, but they won't accept discipline and learn better ways unless they feel the parents care enough to show them actually the responsible way to behave.

A common example is the child who wants to play with his friends or watch television even though he has not done his homework. He promises, threatens, begs and cajoles his parents in an effort to evade his responsibility. He sometimes gets his way, but has he learned about reality? Confronted in school with his homework not completed, he will often blame his parents and not himself, thus further compounding his own irresponsibility. Later when he is faced with a difficult situa-

tion, not having learned responsibility, he is unprepared to cope with it. Parents, who are willing to suffer the pain of the child's intense anger by firmly holding him to the responsible course, are teaching him a lesson that will help him his entire life. Parents who do not do so are setting the pattern for further irresponsibility, which prevents the child from fulfilling the need to feel worthwhile—to be a failure.

Parents must not only hold the child to the correct course of action, but also they must show by example that they are also capable of taking the responsible course. Parents cannot successfully discipline a child unless they are self-disciplined. A parent who never reads a book, or who spends a great amount of time in front of the television screen and doesn't demonstrate any of the values of using his intellect, will be hard-pressed to teach his child the value of doing well in school through diligent study. The child who does not learn by instruction and example will not respect his parents. If they continue to fail him, he may cease to love them because, in a sense, they are depriving him of a chance to fulfill his needs. When discipline is reasonable and understandable, and when the parents' own behavior is consistent with their demands on the child, he will love and respect them even though his surface attitude may not always show it. Parents must understand that taking the responsible course will never permanently alienate the child.

Children learn responsibility through involvements with fellow human beings, preferably loving parents and teachers, who will love and discipline them properly; who are intelligent enough to allow them the freedom to try out their newly acquired responsibility as soon as they show readiness to do so.

28	29	30	<p>The mere formulation of a real problem is far more essential than its solution, which may be merely a matter of mathematical or experimental skill. To raise new questions, new possibilities, to regard old problems from a new angle requires creative imagination and marks real advances in science.</p> <p style="text-align: right;">— Albert Einstein</p>			

SCHOOL POLICIES

SCHOOL HOURS

for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Lunch is served beginning with the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 50c. Monthly menus are provided so that if foods are served which your child does not eat, you can make other provisions for him for those days. In case a child forgets his lunch money or his lunch, or loses either, we have a charge system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not part of the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the third week of the school year and is sold at a cost of 50c per week payable each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

When your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before going to the classroom. Please be specific. Just saying, "he was sick" is not enough. Indicate whether it was "virus," "fever," "cold," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, not the classroom.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime — Clear Stream: Grades 5 & 6 — 12:05	
Grades 3 & 4 — 12:35; Grades 1 & 2 — 1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers will explain this to the pupils, but many times they do not bring correct information home.

Boys who MUST PURCHASE A NEW SUIT should buy the one-piece ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white t-shirt. Boys should wear ROYAL BLUE shorts, with elastic top, sneakers (high top ones preferred), and white or SCHOOL "T" sneakers.

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT HAVE TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.

APPOINTMENTS WITH TEACHERS

In order that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF FORESTER AVENUE. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and chain for safety purposes.

GIFTS TO TEACHERS PROHIBITED

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or person on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Wednesday and Friday, for conferences.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for a child to see a big brother perform, they are often distracting to a child concerned. Picture taking is not allowed without prior approval.

NOVEMBER 1974

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
The art of living does not consist in preserving and clinging to a particular mood of happiness, but in allowing happiness to change its form without being disappointed by the change; or happiness, like a child, must be allowed to grow up. — Charles Langbridge Morgan					1	2

ughter, of course, is in activity not of the jaw muscles, but of the mind; indeed, silent laughter is usually the most
g and satisfied form of mirth with which to confront matters of the profoundest import. The ability to laugh,
tly or aloud, at moments of ultimate crisis is a sublime attribute; an expression of everything in us that is
an and most civilized.

— Julius Novick

THE EDUCATIONAL TEAM—TEACHER, SPECIALISTS AND ADMINISTRATORS

The focus of any educational team must be the child. The preparation of that child to assume an adult role in society should be the ultimate aim of the school. In order to achieve this goal the child must develop basic skills, and a general fund of information which will allow him to develop a feeling of responsibility and confidence in himself. The rapid changes in patterns of society as well as the ever increasing amounts of technical knowledge makes this a huge assignment.

The classroom teacher is the key member of any educational team and it is his responsibility to diagnose the instructional needs of each pupil and to prescribe those learning experiences which will satisfy these needs. He must also see the child in relation to his peers in order to properly determine his social needs. Other members of the educational team who represent a variety of disciplines and who are experts in their respective fields are available to assist the teacher in working with their pupils. The educational team is coordinated by district administration. The members of the team are as follows:

THE ADMINISTRATIVE TEAM:

Each member of the administrative team was selected for his expertise in one or more curriculum areas in addition to general administrative training, therefore each building administrator aside from his building responsibilities is assigned to one or more curriculum areas for which he has district wide responsibility. All curriculum areas are coordinated by the administrative assistant for curriculum who reports directly to the District Principal the status of each area.

DIRECTOR OF EDUCATIONAL COMMUNICATION:

One of the primary functions of this member of the team is to foster learning opportunities for all pupils. This is accomplished by exposing the individual student to a myriad of audio visual materials and equipment which is best suited to his own individual learning style and educational needs. The Director of Educational Communications, is therefore, actively involved in the selection and evaluation of all non print learning resource materials. These of course are chosen on the basis of individual needs of children, as well as their ability to meet district curriculum goals and courses of study.

NURSE:

The three nurse-teachers, in addition to being responsible for the general health and welfare of the children in their individual buildings, also act in an advisory capacity to formulate and implement the health curriculum. They also speak

ers and display on a variety of topics concerning health and safety and occasionally, upon request, go into the classroom to teach. All information concerned with the physical health of children is processed through each building's health office.

PSYCHOLOGIST:

The school psychologists administer individual tests, interview teachers, consultants, and parents and on the basis of their findings recommend procedures for teachers to use in the classroom to satisfy individual pupil needs. They also make referrals to outside agencies for some pupils.

READING CONSULTANTS AND SPECIALISTS:

This part of the team includes four members—one reading consultant and three reading specialists. The reading consultant coordinates the work of the reading specialists. Each specialist is assigned to a building where she is responsible, under the direction of the reading consultant, for teacher workshops, diagnostic testing, demonstration lessons, consultation with teachers, and remedial reading instruction.

SPECIAL COUNSELORS:

There is one special counselor in each building. Their function is to provide support for pupils who are experiencing personal or social difficulties. Occasionally they provide academic support through a non-directed method for pupils who need success in this area. They are also available to pupils who have had a traumatic experience and who need someone in whom they can confide. Through the use of this type of outlet serious psychological problems are often avoided.

SPEECH CONSULTANT AND SPEECH TEACHER:

The two members of this department perform two services. First, they conduct a developmental speech program in the kindergartens and first grades, coordinated with the reading readiness program, and secondly they conduct a speech correction program for children who have been diagnosed to have such a need.

The work of all these specialists is coordinated by the Administrative Assistant/Curriculum, who conducts weekly meetings with them at which time individual pupils are discussed as to their progress, or lack of it, and further plans may be made as to how to handle these special cases. *The emphasis is on the child, and it is felt that all members working together as a team will surely prove of benefit to the child so that every pupil will have the opportunity to progress to the utmost of his ability.*

EDUCATIONAL SCHOOL SYSTEMS — VALLEY STREAM

In deference to the new residents of the district, and a refresher to those who have lived here for a while, we present an explanation of the make-up of the Valley Stream schools.

There are three elementary school districts (Nos. 13, 24, and 30) which are separate and autonomous. Each of these has school boards elected by the taxpayers of that district and each has its own budget upon which its voters must pass in any given year.

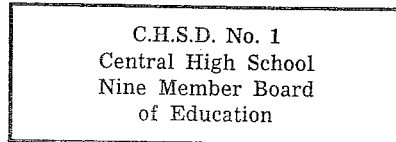

The Board of Education of Central High School District No. 1 is made up of three members from each of the three elementary school districts. These members are elected to serve on the high school board by the elementary school boards of education.

The Central High School budget is separate from the elementary budgets but is voted on each year at the same time — usually the first Wednesday in May.

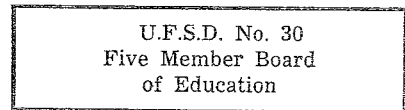

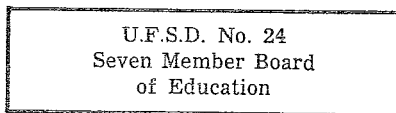

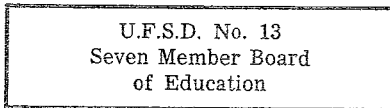

Notwithstanding that each district is autonomous unto itself, there is great collaboration among the four districts. The Boards of Education have formed what is called the "Joint Boards" which meets several times each year to consider matters of mutual concern — i.e., teacher salaries and bylaws.

Cooperation among the districts is epitomized by a committee composed of representatives of each elementary district and the high school district (the Inter-district Committee). These staff members meet at least once a month and coordinate such matters as assignment of student teachers; curriculum areas, such as social studies, to insure continuity from the elementary schools to the high schools; the setting up of village-wide in-service courses for teachers; forming of evaluation committees to study some particular program (such a committee is now assessing our Foreign Language Program); and many other areas of concern to all Valley Stream schools.

The following diagram depicts just how the school districts are set up.

Three members of each elementary board of education are elected by the individual elementary boards to serve on the high school board of education.

Taxpayers of this district vote on their own budget and school board members.

Taxpayers of this district vote on their own budget and school board members.

Taxpayers of this district vote on their own budget and school board members.

Taxpayers from three districts vote on the high school budget.

SCHOOL POLICIES

SCHOOL HOURS

hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
 hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Lunch is served beginning with the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 50c. Monthly menus are provided so that if foods are served which your child does not eat, you can make other provisions for him for those days. In case a child forgets his lunch money or his lunch, or loses either, we have a charge system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents to make a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is not included in the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 40c per week available each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

When your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before going to the classroom. Please be specific. Just saying, "he was sick" is not enough. Indicate whether it was "virus," "fever," "cold," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can notify the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date that you will know whom to call should your child become ill and have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, *not the classroom*.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime — Clear Stream: Grades 5 & 6 — 12:05	
Grades 3 & 4 — 12:35; Grades 1 & 2 — 1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers explain this to the pupils, but many times they do not bring correct information home.

Who MUST PURCHASE A NEW SUIT should buy the piece ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white t-shirt. Boys should wear ROYAL BLUE shorts, with elastic top, sneakers (high top ones preferred), and white or SCHOOL "T" shirts.

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT HAVE TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.

APPOINTMENTS WITH TEACHERS

In order that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Intermediate Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF CLEAR STREAM AVENUE. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and helmet for safety purposes.

GIFTS TO TEACHERS PROHIBITED

A policy of the school district which became effective January 1, 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or person on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Wednesday and Friday, for conferences.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see a big brother perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

			Reopen Fri. June 24

OCTOBER 1976

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
The self concept, we know, is learned. People learn who they are and what they are from the ways in which they have been treated by those who surround them in the process of their growing up. This is what Sullivan called learning about self from the mirror of other people. People discover their self concepts from the kinds of experiences they have had with life—not from telling, but from experience. People develop feelings that they are liked, wanted acceptable and able from being liked, wanted, accepted and from having been successful. One learns that he is these things, not from being told so but only through the experience of being treated as though they were so. —Arthur W. Combs					1	2

CHILDREN AND LEARNING

You will note, from the article on Page 12, as well as the quotations throughout, that the theme for this year's calendar, is children and learning.

Because of the great pressures of modern society many of us are apt to forget that schools are there to educate the young. By "educate" we are referring not only to the 3 R's but to what many consider as frills—the cultural arts of music, art, and physical education, as well as social skills—the latter may well be the "stuff" of life.

We are dismayed when we are exposed to parents who are constantly pressuring youngsters to exceed the output of their peers—in school marks, or athletics, or any other endeavor in which they may be engaged. We all want them to succeed but wouldn't it be better to let them set their own goals? Encouragement can always be given them but there is a difference between encouragement and pressure.

Researchers have known for years that girls mature earlier than boys and that the boys will eventually catch up, yet many of us refuse to accept this fact and continue to expect the 5, 6, 7, and 8 year old boys to achieve as well as girls of the same age.

Dr. Ilg, of the famous Gesell Institute, says, "School pressure on a child should be his own growth pressure. A child in the right grade is his own pressure point."

As further evidence that growth rates differ, research has shown that teething is related to school performance. Most boys and girls, whose replacement of baby teeth was ahead of schedule, did well in class. By contrast, those whose second teeth were slow in coming in, tended to do less well.

All of us have witnessed the difference in children's growth in families where there is more than one child. John maybe learned to ride a two-wheel bicycle at 7 years of age but Robert, his brother, couldn't do it until 8 years of age. Most of us accept this. Cannot we see that this difference may also apply when John begins to read well at an earlier age than Robert?

Growth patterns do differ. It is well for all of us, parent as well as educator, to keep this in mind when we are dealing with children's learning.

There is another very important matter that should concern all of us and that is the development in all children of a good self-image.

Earl C. Kelley, in exploring why some people do not like their selves, says, "Damage to the self, so disabling to so many of us, comes from the fact that we grow up in an authoritarian culture. While it is true this is a democracy in governmental form, we have not achieved democracy in the home, the school or the church. The fact that we have a democratically chosen president or governor has no effect upon the developing child. He is built by the people close to him, and he does not elect them. The people close to him, having themselves been crippled, know no better than to continue the process."

He goes on to say that evils of authoritaria: are more

extensive than is ordinarily understood and that small tyrants do more harm than grand ones because they operate "on the growing edge of the personality of the young." Included are the parent, teacher, and church who in their own authoritarian way continue the process of making him think less of himself.

One's perceptions govern how a person develops. As Kelley says, "One of the most revealing facts about perception is that it is selective." We don't see all that goes on around us. To see all would cause "pandemonium." Therefore, we choose that which the self feeds on. This is because choices are based on experience and unique purpose. Our background of experience determines our perception. We cannot see that which we have no experience to see.

"In perception, purpose operates automatically most of the time. And so, just as we do not eat everything, our psychological selves are particular as to what we feed on. What they take in has to suit their purposes . . ." (Kelley).

The small tyrants see the young as objects to be coerced and constantly corrected or manipulated. The "facilitating" person does the opposite. He trusts them and allows them the freedom to become involved, part of what is going on and they share in their own destiny.

Kelley says, "the lack of consultation and involvement is the cause of the continuing war between parents and children, between teachers and learners, between teacher and administrators. . . . When the person is part of something, then he becomes responsible."

According to Kelley, the fully functioning person:

1. Thinks well of himself
2. Thinks well of others
3. Sees his stake in others
4. Sees himself as part of the world of movement—in process of becoming
5. Holds human values.
6. Knows no other way to live except in keeping with his values.

What does all of this mean to us as parents and educators?

It means that we have to become "facilitating" persons and not tyrants. We have to trust and respect our children; to allow them to become involved and a part of what is happening about them and to allow them to be responsible for what they are and what they become. We need to lend encouragement and not discouragement by having too high standards and being over-ambitious for them. They will misbelieve only when they are discouraged and believe they cannot succeed by useful means. Plants need sunshine and water to grow. Encouragement works the same for children.

Much of the above is taken from the 1962 Yearbook "Perceiving Behaving Becoming" of the Association For Supervision and Curriculum Development, Washington, D.C. The calendar quotations are taken from the same source.

PSYCHOLOGY AND CHILDREN'S LEARNING

The following is from a booklet, "What Psychology Can We Trust" by Goodwin Watson of Teachers College of Columbia University. It sums up in an incisive, lucid and terse fashion a great deal of psychological research which should prove of interest to parents as well as teachers.

- Behaviors which are rewarded (reinforced) are more likely to recur.

This most fundamental law of learning has been demonstrated in literally thousands of experiments. It seems to hold for every sort of animal from earthworms to highly intelligent adults. The behavior most likely to emerge in any situation is that which the subject found successful or satisfying previously in a similar situation. No other variable effects learning so powerfully. The best planned learning provides for a steady cumulative sequence of successful behaviors.

- Reward (reinforcement), to be most effective in learning, must follow almost immediately after the desired behavior and be clearly connected with the behavior in the mind of the learner.

The simple word, "Right," coming directly after a given response, will have more influence on learning than any big reward which comes much later on which is dimly connected with many responses so that it can't really reinforce any of them. Much of the effectiveness of programmed self-instruction (teaching machines) is that success is fed back immediately for each learner response. A total mark on a test, the day after it is administered, has little or no reinforcement value for the specific answers.

- Sheer repetition without indications of improvement or any kind of reinforcement (reward) is a poor way to attempt to learn.

Practice is not enough. The learner cannot improve by repeated efforts unless he is informed about how well each one has succeeded.

- Threat and punishment have variable and uncertain effects upon learning; they may make the punished response more likely or less likely to recur; they may set up avoidance tendencies which prevent further learning.

Punishment is not, psychologically, the reverse of reward. It disturbs the relationship of the learner to the situation and teacher. It does not assist the learner in finding and fixing the correct response.

- Readiness for any new learning is a complex product of interaction among such factors as (a) sufficient physiological and psychological maturity, (b) sense of the importance of the new learning for the learner in his world, (c) mastery of the prerequisites providing a fair chance of success, and (d) freedom from discouragement (expectation of failure) or threat (sense of danger).

Conversely, the learner will not be ready to try new responses which are beyond his powers or which are seen as valueless or too dangerous.

- Opportunity for fresh, novel, stimulating experience is a kind of reward which is quite effective in conditioning and learning.

Experiments indicate that even lower animals (rats, dogs, monkeys) will learn effectively when they receive rewards of new experience or satisfied curiosity, as they will when the rewards gratify desires for food, water, sex, or rest. One trouble with the typical school day is that it is too dull; pupils find too few stimulating insights to reward their efforts.

- Learners progress in any area of learning only as far as they need to in order to achieve their purposes. Often they only do well enough to "get by"; with increased motivation they improve.

One of the earliest psychological studies showed that telegraph operators with years of practice seldom rose in speed beyond the acceptable "main line" rate; they could, however, learn to send and receive much faster if special incentives were provided. Studies of reading speed show that practice alone will not bring improvements; a person may have read books for years at his customary rate, but with new demands and opportunities he may be able to double that rate.

- The most effective effort is put forth by children when they attempt tasks which fall in the "range of challenge"—not too easy and not too hard—where success seems quite possible but not certain.

A good illustration is the dart game. Where is it most fun to stand? So close that you can't miss? So far away that you can't make a decent score? The maximum fun is at the level of challenge. If it proves too easy, one steps further back; if it proves too hard one steps a little closer. It is not reasonable to expect a teacher to set an appropriate level of challenge for each pupil in class; pupils can, however, learn to set their own goals to bring maximum satisfaction and learning.

- Children are more apt to throw themselves wholeheartedly into any project if they themselves have participated in the selection and planning of the enterprise.

Genuine participation (not pretend sharing) has been found to increase motivation, adaptability, and speed of learning.

- Over-strict discipline is associated with conformity, anxiety, shyness, and acquiescence in children; greater permissiveness is associated with more initiative and creativity in children.

Comparison of children whose parents were at the most permissive extreme of home discipline with those who were most strict (both groups of parents loving and concerned) has shown more enterprise, self-confidence, curiosity, and originality in the youngsters from permissive homes. These children were also more friendly and less hostile than the strictly disciplined children. The demand for more restrictive discipline runs counter to the call for more individuality.

- Many pupils experience so much criticism, failure, and discouragement in school that their self-confidence, level of aspiration, and sense of worth are damaged.

The pupil who sees himself at his worst in school is likely to place little value on study and to seek his role of importance outside the classroom. He may carry through life a sense of being not good for much. He is likely also to feel resentment at schools, teachers and books.

SCHOOL POLICIES

SCHOOL HOURS

hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

Lunch is served beginning with the first day of school. Pupils go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria for 50c. Monthly menus are provided so if foods are served which your child does not eat, you can get other provisions for him for those days. In case a child loses his lunch money or his lunch, or loses either, we have a charge system to cover the emergency. The cashier in the cafeteria keeps the record of such charges and contacts the parents if a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is *not* included in the hot lunch and costs an additional 10c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 40c per week. It is available each Thursday for the following week. You will be notified as to the exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

When your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse *before* he goes to the classroom. Please be specific. Just saying, "he was sick" is not enough. Indicate whether it was "virus," "fever," "cold," etc. A note is required for an absence due to a religious day. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can contact the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date and have it so you will know whom to call should your child come ill to school or have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, *not the classroom*.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime — Clear Stream: Grades 5 & 6 — 12:05	
Grades 3 & 4 — 12:35; Grades 1 & 2 — 1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

Without the stuff of growth, the self			

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers explain this to the pupils, but many times they do not bring correct information home.

Who MUST PURCHASE A NEW SUIT should buy the correct ROYAL BLUE, bloomer type, with elastic bottoms, or ROYAL BLUE shorts with elastic insert in the cuff, and a white shirt. Boys should wear ROYAL BLUE shorts, with elastic top, and sneakers (high top ones preferred), and white or SCHOOL "T" shoes.

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT NEED TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.

APPOINTMENTS WITH TEACHERS

Remember that pupils' classtime be used to the fullest advantage, and request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Elementary Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF CLEAR AVENUE. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and a bell for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective January 1, 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Wednesday and Friday, for conferences.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see a big brother perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

JULY 1977

NDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	
the fully functioning person develops and holds human values . . . the better the life, the better the values. He knows no other way except in keeping with his values. —Earl C. Kelley						1	2
We need a validated, usable system of human values that we can believe in and devote ourselves to (to be willing to die for), because they are true rather than because we are exhorted to "believe and have faith." —A. H. Maslow

Work is love made visible, and if you cannot work with love but only with distaste it is better that you should leave your work and sit at the gate of the temple and take alms of those who work with joy. For if you bake bread with indifference you bake bread that feeds but half of a man's hunger. —Kahlil Gibran, In the Prophet			

THE DEVELOPMENT OF PERCEPTUAL SKILLS

The close relationship between perceptual development of the young child and the learning process has been well established.

Perception is the ability to understand the world around us. It involves the brain's interpretation of what the eyes see into patterns of meaning and action. No one is born with this ability; it is developed. It does not have a direct connection with intelligence. A child develops perceptual skills through the use of all his senses. The greatest period of perceptual growth occurs between the ages of 3-1/2 and 8 years.

Perceptual ability is more than receiving sensory impressions from the world around us through one's body. It is the ability to identify and interpret these sensory impressions and also to integrate them with previous experiences.

The following is a brief outline of the kinds of activities you and your child can do together which will help to develop perceptual skills and abilities within this five year span. It should be remembered however that children develop at different rates and the activities selected should be within the child's capabilities.

I. MOTOR DEVELOPMENT

- A. Large muscle coordination:
 1. Games involving skipping, jumping, climbing, hopping and throwing.
 2. Creeping and crawling games (such as following knee and hand prints along a course).
- B. Fine motor coordination:
 1. Buttoning
 2. Lacing
 3. Clay work
 4. Finger painting
 5. Puzzles
- C. Visual-Motor Activities
 1. Ball throwing and catching
 2. Nail pounding
 3. Bead stringing
 4. Block building

II. BODY IMAGE

The child has to develop an understanding of the left and right side of his own body, as well as an understanding of what is the left or right side of whatever object he is looking at. The child must know that left or right are always in reference to himself.

- A. Identification of body parts (touch your toes, head, neck, etc.).
- B. Figure assembly.

III. PERCEPTUAL CONSTANCY

This refers to the ability to recognize an object regardless of its position, color, size and brightness.

- A. Matching and sorting different geometric shapes or objects.
- B. Picture selection on the basis of likenesses or differences
- C. Finding different sizes of the same objects.

IV. AUDITORY PERCEPTION

This refers to the ability to discriminate between different sounds and associate these sounds with previous experiences.

- A. Listening to records
- B. Listening games in which the child must:
 1. Identify various sounds (humming, clapping, tapping, etc.)
 2. Discriminate between high and low pitch, loud and soft, like and unlike, and near and far sounds

V. TACTILE DISCRIMINATION

- A. Seeing, touching and comparing objects of different texture, temperature, and size.
- B. Identifying different shapes when blindfolded.

This limited list of suggested activities will aid your child in developing the ability to select and coordinate the information he receives through his senses and provide a base for future learning.

THE TEACHING OF RESPONSIBILITY

If we are trying to effect "a school without failure,"* then of the most important tasks is the teaching of responsibility. Children learn by means of a loving relationship with responsible parents, an involvement which implies parental example and parental teaching. Through the proper combination of love and discipline the responsible parent creates the necessary involvement with his child and teaches him responsibility. Children, who are not exposed early in their lives to others who care about them enough to love and discipline them, may never learn to be responsible. For that failure they may suffer irremediably.

Responsibility can be learned at any age. Never-the-less, it is easier to learn correctly at first than to overcome bad habits. Learning how to study in college is more difficult than learning in elementary or high school.

Many parents will agree—that children do not learn responsibility easily. Children do not know that what seems so simple to them will not fulfill their needs, so almost from infancy they rebel against reality that they must learn from their parents how to fulfill their needs. Later, when they are old enough to recognize reality, they test their parents with irresponsible behavior. Through discipline, tempered with love, parents are teaching their children to behave better. The child always knows that the parent cares.

Children want to become responsible, but they won't accept discipline and learn better ways unless they feel the parents care enough to show them actually the responsible way to live.

A common example is the child who wants to play with friends or watch television even though he has not done his homework. He promises, threatens, begs and cajoles his parents in an effort to evade his responsibility. He sometimes succeeds in his way, but has he learned about reality? Confronted in school with his homework not completed, he will often blame his parents and not himself, thus further compounding his own responsibility. Later when he is faced with a difficult situa-

tion, not having learned responsibility, he is unprepared to cope with it. Parents, who are willing to suffer the pain of the child's intense anger by firmly holding him to the responsible course, are teaching him a lesson that will help him his entire life. Parents who do not do so are setting the pattern for further irresponsibility, which prevents the child from fulfilling the need to feel worthwhile—to be a failure.

Parents must not only hold the child to the correct course of action, but also they must show by example that they are also capable of taking the responsible course. Parents cannot successfully discipline a child unless they are self-disciplined. A parent who never reads a book, or who spends a great amount of time in front of the television screen and doesn't demonstrate any of the values of using his intellect, will be hard-pressed to teach his child the value of doing well in school through diligent study. The child who does not learn by instruction and example will not respect his parents. If they continue to fail him, he may cease to love them because, in a sense, they are depriving him of a chance to fulfill his needs. When discipline is reasonable and understandable, and when the parents' own behavior is consistent with their demands on the child, he will love and respect them even though his surface attitude may not always show it. Parents must understand that taking the responsible course will never permanently alienate the child.

Children learn responsibility through involvements with fellow human beings, preferably loving parents and teachers, who will love and discipline them properly; who are intelligent enough to allow them the freedom to try out their newly acquired responsibility as soon as they show readiness to do so.

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
						1
Intelligence builds a dinosaur's skeleton from a few bones; but we must beware, for intelligence also built Piltdown Man, a forgery, from spurious fragments. In other words, intelligence is not in itself right and good. It is capable of magnificent lies, prodigies of evil-doing. Yet it is also the instrument that man must mainly use to save himself. —John Hersey, in "Intelligence, Choice and Consent."

SCHOOL POLICIES

SCHOOL HOURS

hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

is served beginning with the first day of school. Pupils go home for lunch, bring lunch from home, or buy the lunch in the cafeteria for 50c. Monthly menus are provided so that if foods are served which your child does not eat, you can make other provisions for him for those days. In case your child forgets his lunch money or his lunch, or loses either, we have a charge system to cover the emergency except the week of a recess and summer vacation. The cashier in the cafeteria keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is *not* included in the hot lunch and costs an additional 15c.

RECESS MILK

Recess milk is available to all children beginning about the first week of the school year and is sold at a cost of 50c per quart, payable each Thursday for the following week. You will be notified as to exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse *before* he goes to the classroom. Please be specific. Just saying, "he was absent" is not enough. Indicate whether it was "virus," "fever," "flu," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can advise the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and need to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, *not* the classroom.

ENTRANCE TIMES

Morning — All Schools	Noontime — Shaw & Forest
Grades 1, 2, & 3 — 8:50	Grades 1, 2, & 3 — 12:50
Grades 4, 5, & 6 — 8:20	Grades 4, 5, & 6 — 12:20
Noontime — Clear Stream: Grades 5 & 6 — 12:05	
Grades 3 & 4 — 12:35; Grades 1 & 2 — 1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on the assigned gym days. The gym teachers explain this to the pupils, but many times they do not bring correct information home.

Who **MUST PURCHASE A NEW SUIT** should buy the piece **ROYAL BLUE**, bloomer type, with elastic bottoms, or **ROYAL BLUE** shorts with elastic insert in the cuff, and a white shirt. Boys should wear **ROYAL BLUE** shorts, with elastic top, and sneakers (high top ones preferred), and white or **SCHOOL "T"** shoes.

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT NEED TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

Remember that pupils' classtime be used to the fullest advantage, and request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Elementary Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live **NORTH OF FOREST AVENUE**. Bicycles used to come to the Shaw Avenue School will be assigned a number. All must have a lock and helmet for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective January 1, 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 for grades 5 and 6, 12:35 for grades 3 and 4, and 1:05 for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc. until after that interval. Teachers are also available to parents during the half hour after school, except on Wednesday and Friday, for conferences.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

JULY 1978

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
Young man: So you really think I'll be a poet! Let: It doesn't follow as the night the day. Talent is cheap, you know. One of the attractive features of mediocrity that you can count on it; Mediocrity infallibly begets mediocre. But you can never be sure what the gifted will do. So many of them go straight to hell. Talent without character is the worst kind of curse. —Stanley Kunitz, "American Poetry's Silver Age", Harper's Magazine, October, 1959						1

	Teachers never cease to marvel at the ingenuity some students display in answering test questions. Here are a few, a test in science and mathematics, quoted in the January issue of the NEA Journal. The theory of evolution was greatly objected to because it made men think. The process of turning steam into water again is called conversation. The earth makes a resolution every twenty-four hours. Algebra was the wife of Euclid.

THE CLEAR STREAM AVENUE SCHOOL

was the year the townspeople of the west end of Valley decided that they wanted a school for their children. Mrs. Sanchez (who served our district for nearly fifty years as secretary) remembers the long walks that were necessary in order to attend the Brooklyn Avenue School every morning. The children, as well as the parents, were pleased when the Board decided to establish a District Thirty School.

Arthur Hendrickson remembered going with a committee of to the Popalvea home in Springfield Gardens to complete the The Clear Stream Avenue grounds. Prices of land began to around 1923, so \$25,000 an acre for the first two acres was agreed by both sides to be a fair price. The parcel of land being had been a farm which had not recently been tilled.

Clear Stream Avenue School planned was to have eight but obviously this undertaking could not be built overnight. Residents of the newly established district would meet in Mr. Ford's garage for their local civic affairs. All the cars would be parked in the street in order to make room.

A wooden frame building was first leased to District Thirty for temporary use. It had four rooms, two classes in a room, plus a boys' bathroom in the rear of the structure. In June of that year there were eight graduates from the newly formed district. Within the next year, classes were in the new building. The newly constructed 2 story brick building contained eight rooms, four on each

The name Clear Stream was used more often than the title Union School District 30. The name had come from the bountiful Clear Stream creek which ran not far behind the school. It was this creek which pumped over 3,500,000 gallons of water to the Brooklyn consumers beginning in 1885.

An addition to the main building added four rooms on the two floors. It was obvious that with the population influx in the nearby metropolitan area, that additional space would be needed. District Thirty trustees decided that the schools in the district need to be constructed to meet the growing pupil population throughout the school district. In the years that followed, the Shaw Avenue and Forest Road Schools were built. Building additions included a new wing in 1956 at The Clear Stream Avenue incorporating an auditorium/gymnasium, lunchroom and kindergarten room.

SHAW AVENUE SCHOOL

Prior to 1950 District Thirty consisted of one building, the Clear Stream Avenue School. The Shaw Avenue School was opened in September of 1950 and had an enrollment of approximately 680 pupils. The original building housed 18 classrooms, one art room, a small library, an auditorium, a gym-cafeteria, a second floor community room and a main office, which also served as the District Office.

Due to rapidly rising pupil enrollment, the school was soon too small to accommodate the children of the area, thus causing the school to go on double sessions. In 1956, six classrooms were added to the building and shortly thereafter 8 more classrooms and a gymnasium were constructed. During that same year, the Washington Avenue School was built as an annex to the Shaw Avenue School, consisting of two first grade rooms and a kindergarten room. Enrollment at the Shaw and Washington Avenue schools totaled about 1400 pupils during this period of time. Today, enrollment has declined to approximately 600 pupils.

The Shaw Avenue School has always been a special pride to its community as is reflected by the significant number of former students who have returned to the area as adults so that their children may attend "their school."

FOREST ROAD SCHOOL

Forest Road School opened in September 1953, with thirteen classrooms, a gym, cafeteria, Teacher's Room, Nurse's office and main office. There were 373 pupils in attendance that September. Previous to 1953, these pupils had attended Clear Stream Avenue School.

Enrollments kept rising so that in 1956 a new wing was added to the school which included nine additional classrooms, a library, and an office for consultants. At this time there were 582 pupils in attendance. The peak enrollment was in 1958-59 when attendance rose to 685 pupils. From that year on, the number of youngsters has continued to decline gradually so that in 1977-78, there were 226 pupils in attendance.

Statistics aside, Forest Road pupils have always done well academically. In fact, on the State PEP Tests, as an individual school, it ranks among the highest in New York State. Graduates of Forest Road are now mostly professional people—doctors, dentists, lawyers, teachers, etc.

This year being the 25th year for the school, steps are being taken to have a celebration and it is hoped that many of the previous graduates will be on hand to help with the party. If plans are carried through, we hope to be able to create a booklet giving current information about many of these graduates.

Though the following refers to "teacher," it is our feeling that the concepts expressed apply as well to the parent-child relationship.

A STUDENT'S REQUEST OF HIS TEACHER

- Don't be afraid to be firm with me. I prefer it; it makes me feel more secure.
- Don't make me feel smaller than I am. It makes me behave stupidly "big."
- Don't correct me in front of others if you can help it. I'll take much more notice, if you talk quietly with me in private.
- Don't make me feel my mistakes are sins. It upsets my sense of values.
- Don't protect me from consequences. I need to learn the painful way sometimes.
- Don't take too much notice of my complaints. Sometimes they get me the attention I need.
- Don't nag. If you do, I'll protect myself by appearing deaf.
- Don't make rash promises. Remember, I feel badly let down when promises are broken.
- Don't forget that I cannot explain myself as well as I'd like. This is why I'm not always very accurate.
- Don't tax my honesty too much. I'm easily frightened into telling lies.
- Don't be inconsistent with me. That completely confuses me and makes me lose faith in you.
- Don't put me off when I ask questions. If you do, I'll stop asking and seek information elsewhere; then I'm labeled a behavior problem.
- Don't label me. For, whatever you think of me, there'll be a tendency for me to become.
- Don't ever suggest that you're perfect and infallible. It gives me too great a shock when I discover that you're neither.
- Don't tell me my fears are silly. They're terribly real and you can do much to reassure me if you try to understand.
- Don't ever think it's beneath your dignity to apologize to me. An honest apology makes me feel surprisingly warm toward you.
- Don't forget I can't strive without lots of understanding and love; but I don't need to tell you, do I?

hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

is served beginning with the first day of school. Pupils may go for lunch, bring lunch from home, or buy the school lunch in cafeteria for 50c. Monthly menus are provided so that if foods served which your child does not eat, you can make other provisions for him for those days. In case a child forgets his lunch money or loses either, we have a charge system to cover the expense except the week before a recess and summer vacation. The cashier in the cafeteria keeps the record of such charges and the parents should a charge not be paid in a reasonable time.

ICE CREAM

Ice cream is sold daily to those pupils who wish it. It is *not* part of the school lunch and costs an additional 15c.

RECESS MILK

Recess milk is available to all children beginning about the third week of the school year and is sold at a cost of 50c per week payable each Friday for the following week. You will be notified as to exact amount. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for periods of less than a full week.

ABSENCES

If your child has been absent, State law requires that he bring a note from you explaining the absences and the date(s) of absence(s). A note should be presented to the nurse *before* he goes to the school room. Please be specific. Just saying, "he was ill," is not enough. Indicate whether it was "virus," "fever," "cold," etc. A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that other children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a mother is home during the noon hour has no bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want your child excused from school for religious instruction. Such forms can be obtained from your church. The time provided is the last hour of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him if you come to pick him up. Parents picking up children are asked to meet them at the exit, *not* the classroom.

ENTRANCE TIMES

Morning—All Schools	Noontime—Shaw & Forest
Grades 1, 2, & 3—8:50	Grades 1, 2, & 3—12:50
Grades 4, 5, & 6—8:20	Grades 4, 5, & 6—12:20
Noontime—Clear Stream: Grades 5 & 6—12:05	
Grades 3 & 4—12:35; Grades 1 & 2— 1:05	

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him to arrive just in time to enter the building during the proper interval. In inclement weather he may come into the designated area five minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his own sense of responsibility for these things.

MAY 1979

FRIDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
boys on my baseball team go into and never come out of them, and I've tears snap right out of it and come back again ever. I guess more players lick than are ever licked by an opponent. The first thing a man has to know is to handle himself. —Connie Mack	1	2	3	4	5	6

						People can be divided into three groups: those who make things happen, those who watch things happen, and those who wonder what happened. —John W. Newbern

SCHOOL POLICIES

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the through 6th grades are required to wear gym suits and sneakers on assigned gym days. The gym teachers will explain this to the parents. Many times they do not bring the correct information.

Who **MUST PURCHASE A NEW SUIT** should buy the two-piece **ROYAL BLUE**, bloomer type, with elastic bottoms, or **ROYAL BLUE** shorts with elastic insert in the cuff, and a white t-shirt. Boys should wear **ROYAL BLUE** shorts, with elastic top, and white socks (high top ones preferred), and white or **SCHOOL "T"** shoes.

IF A CHILD HAS ANOTHER COLOR, OR TYPE, HE DOES NOT HAVE TO BUY A NEW ONE. The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

Remember that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment with the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Elementary Schools because no child lives far enough from the school to need them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live **NORTH OF FOSTER AVENUE**. Bicycles used to come to the Shaw Avenue School will be numbered. All must have a lock and chain for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective January 1, 1979, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal purposes, by any person, or persons, on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 p.m. for grades 5 and 6, 12:35 p.m. for grades 3 and 4, and 1:05 p.m. for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc., until after that interval. Teachers are also available to parents during the half hour after school, except on Wednesday and Friday, for conferences.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

JUNE 1979

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
Young worker who had been loafing for most of the past year approached an older man just before he was to be reviewed for a raise. "Do you think," he asked anxiously, "that if I really work hard for the next two weeks, I'll get a raise?" "No," the older worker replied, "you make me think of a thermometer in a cold room. You can make the mercury rise higher by holding your hand over it, but you won't be warming the room."					1	2

RAISING MISFITS.

(Former) Commissioner George B. McClellan of the Royal Canadian Mounted Police put it this way when addressing the Empire Club in Toronto: "It is not juvenile delinquency I want to speak about—it is parental delinquency—because, in my humble opinion, the group which is creating the problems I have referred to is, for the most part, a product of irresponsible homes and irresponsible parents. I think the trouble begins in the home, and ultimately it will have to be corrected in the home."

"Very often," said the Commissioner, "I have heard the cry of an anguished or bewildered parent, 'How did my child get to be this way?' Well, the seed for good or evil is in all of us, and the fruit of it depends on its cultivation."

Obviously, these experienced men believe that it is better to prevent the problem of delinquency from arising rather than to invoke the law to cure its effects.

Instead of giving the usual catalogue of virtues to be cultivated, Commissioner McClellan sharpened his lesson by listing 10 effective methods to use so that a child will become an antisocial misfit:

1. Do not have any rules for child behavior or obedience in the home. This will ensure that the child has no clear concept of right or wrong.
2. If you have any rules, enforce them intermittently. Ignore them when you are in good humor and knock the kid silly if he breaks the rules when you are tired and out of sorts. This will confuse him thoroughly. He won't know what is expected of him and will eventually resent all discipline.
3. Air your domestic disputes right out in front of the child, preferably with a little name-calling. This will ensure

that he has no respect for either of his parents.

4. Never give a child any chores or regular duties around the home. This will convince him that you and the world owe him a living, without effort on his part.

5. If he is disciplined at school, always go to the school and tear a strip off the teacher or the principal in front of the child. This will create an excellent contempt for authority at any level.

6. Later, when he has trouble with the police, which is most likely, bawl out the officer, or, better still, the Chief, being always sure to refer to the 'dumb cop.' This procedure will earn the child a diploma in contempt for authority.

7. When you are out driving with the family, exceed the local speed limit, but slow down when you see a police car. Be sure to speed up as soon as the police car is out of sight. This will show the child that the law is to be observed only if there is any danger of being caught.

8. If you are stopped by the police for speeding, and you are speeding, always deny flatly that you were exceeding the speed limit. Make a big fuss over it. Your child will then know that cheating and lying are acceptable procedures.

9. If you have managed to chisel a few dollars on your income tax, be sure and tell the family at the dinner table that night how smart you are. This should convince the youngsters that stealing is all right if you can get away with it.

10. Never check up on where your youngsters are in the evening. Never mind what time they get home. Never, never, try to learn anything about their friends. This one is almost sure fire.

MONITORING YOUR CHILD'S EDUCATION

One of the best ways for parents to help their children in school is to "monitor" the youngsters' educational progress regularly, says Missouri Commissioner of Education Arthur L. Mallory.

"Families always monitor their financial situation. They monitor the health of family members and go to the doctor for help when necessary. Parents keep an eye on the condition of the house and the car and make minor repairs or adjustments in order to avoid major problems later. By the same token, parents should make an effort to keep tabs on their children's activities in school, their attitudes about school and their academic progress," Mallory said.

"... Monitoring," Mallory said, "doesn't mean always looking over the child's shoulder or pressuring him to make good grades. It should be a positive activity, a way for parents to show children that they are concerned and care about a youngster's happiness and success in school."

"Children almost always do better in school when they know that their parents believe school is important and are willing to take the time to be helpful and encouraging."

Commissioner Mallory offers the following tips for parents on how to monitor and evaluate their children's education in a beneficial way.

1. Talk about your mutual expectations. Encourage your children to set educational goals for themselves. Don't set your own expectations too high for your youngster to achieve, and don't insist that grades are the only measure of

success.

2. Try to find out your youngster's relative strengths and weaknesses in school. Encourage them to make the most of their abilities and to work on the weaknesses.

3. Develop a friendly, open relationship with your child's teachers. Ask to be kept informed about your youngster's activities. Go to parent-teacher conferences. Don't wait until report card time to find out how your youngster is doing in a class.

4. Try to help your children with lessons whenever possible, but don't do the work for them. Ask the teacher how you can help with specific lessons or related activities at home.

5. Take time to talk about school; be available for school-related activities.

6. If you ask "What did you do in school today?" don't accept "Nothing" for an answer. By encouraging youngsters to recall what they did during the day, you help them remember important points from their lessons.

7. Be alert to your youngster's attitudes about school. Don't let your student develop a "don't care" attitude. Such an attitude will be noticeable in the early grades and will be devastating in high school.

8. Help your youngster understand that school is often hard work and requires study and self-discipline. Hard work "on the books" usually is not fun, but achieving "victory," through making the best grades of which the student is capable, makes the hard work worthwhile.

SCHOOL POLICIES

SCHOOL HOURS

hours for grades 1, 2, and 3 are from 9:00 a.m. to 3:00 p.m.
hours for grades 4, 5, and 6 are from 8:30 a.m. to 2:45 p.m.

LUNCH

ch is served beginning with the first day of school. Pupils may go
e lunch, bring lunch from home, or buy the school lunch in
ca for 60¢. Monthly menus are provided so that if foods
served which your child does not eat, you can make other provi-
s for him for those days. In case a child forgets his lunch money
is lunch, or loses either, we have a charge system to cover the
gency except the week before a recess and summer vacation.
cashier in the cafeteria keeps the record of such charges and con-
the parents should a charge not be paid in a reasonable time.

ICE CREAM

ream is sold daily to those pupils who wish it. It is *not* part of the
lunch and costs an additional 15c.

RECESS MILK

ss milk is available to all children beginning about the third week
e school year and is sold at a cost of 50c per week payable each
sday for the following week. You will be notified as to exact
Money brought in late (Friday) cannot be accepted. In case of a
's absence, no refund is made for periods of less than a full

ABSENCES

n your child has been absent, State law requires that he bring a
from you explaining the absences and the date(s) of absence(s).
note should be presented to the nurse *before* he goes to the
room. Please be specific. Just saying, "he was ill," is not
gh. Indicate whether it was "virus," "fever," "cold," etc. A
is required for an absence due to a religious holiday. A note is
red for any tardiness, giving the reason. If your child contracts
tagious disease, such as mumps, measles, etc., please phone the
l nurse so that she can alert the parents in your child's class that
children have been exposed. Be sure to keep the emergency card
date so that we will know whom to call should a child
ne ill and have to go home.

NOON HOUR RULES

When pupils misbehave in the cafeteria, auditorium, or on the
playground during the noon hour, after repeated reminders, the
teachers have the authority to exclude them from staying in school
for lunch for a few days, or longer, depending on the misbehavior. If
you receive such a note from us, we would appreciate your coopera-
tion. Whether or not a mother is home during the noon hour has no
bearing on this exclusion.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

A Release Form signed by the parent is necessary should you want
your child excused from school for religious instruction. Such forms
can be obtained from your church. The time provided is the last hour
of school on Wednesday afternoons.

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You
will thus know where to meet him if you come to pick him up.
Parents picking up children are asked to meet them at the exit, *not*
the classroom.

ENTRANCE TIMES

Morning—All Schools	Noontime—Shaw & Forest
Grades 1, 2, & 3—8:50	Grades 1, 2, & 3—12:50
Grades 4, 5, & 6—8:20	Grades 4, 5, & 6—12:20
Noontime—Clear Stream:	Grades 5 & 6—12:05
Grades 3 & 4—12:35;	Grades 1 & 2— 1:05

*Because there is no supervision of the playground in the morning, we
suggest you arrange your child's departure from home to allow him
to arrive just in time to enter the building during the proper interval.*
In inclement weather he may come into the designated area five
minutes before the above times.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's
sessions have begun. When your child forgets a book, homework,
sneakers, lunch money, etc., please bring these to the office. All
pupils are instructed to check with the office at lunch time for such
forgotten items. In the interest of the child's all-round education, we
urge you not to make a practice of bringing forgotten items to
school. The child should be developing his own sense of responsibili-
ty for these things.

MAY 1980

25	26	27 Dist. No. 30 Bd. of Ed. Mtg., 8:15 p.m.	28	29	30 MEMORIAL DAY SCHOOL CLOSED	31				

GYM SUITS AND SNEAKERS

Gym suits are required of pupils below the 3rd grade, but sneakers are necessary for any pupils using the gym. Boys and girls from the 3rd through 6th grades are required to wear gym suits and sneakers on their assigned gym days. The gym teachers will explain this to the parents, but many times they do not bring the correct information.

Who **MUST PURCHASE A NEW SUIT** should buy the two-piece **ROYAL BLUE**, bloomer type, with elastic bottoms, or **ROYAL BLUE** shorts with elastic insert in the cuff, and a white t-shirt. Boys should wear **ROYAL BLUE** shorts, with elastic top, and sneakers (high top ones preferred), and white or **SCHOOL "T"** shoes.

Who **HAS ANOTHER COLOR, OR TYPE, HE DOES NOT HAVE TO BUY A NEW ONE.** The above apparel may be purchased at many local stores in Valley Stream. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

APPOINTMENTS WITH TEACHERS

Remember that pupils' classtime be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment with the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

BICYCLES

Bicycles are allowed at either Forest Road or Clear Stream Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to only grades 4, 5, and 6 who live **NORTH OF FOSTER AVENUE**. Bicycles used to come to the Shaw Avenue School will be numbered. All must have a lock and chain for safety purposes.

GIFTS TO TEACHERS PROHIBITED

Policy of the school district which became effective January 1, 1980, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal purposes, by any person, or persons, on the premises.

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session—not before 12:50 p.m. for grades 1 to 3, and 12:20 p.m. for grades 4 to 6 at Shaw and Forest; and not before 12:05 p.m. for grades 5 and 6, 12:35 p.m. for grades 3 and 4, and 1:05 p.m. for grades 1 and 2 at Clear Stream.

HOMEWORK REQUIREMENTS

Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day—it will depend on the pupil and his needs.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Shaw & Forest, and the custodian's office at Clear Stream. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him. Please place your child's name on all his belongings.

STAYING AFTER SCHOOL

To eliminate any confusion or problems, the school may have your child every day for an additional half hour. During this half hour beyond the regular school day, the teacher may schedule your child for special help or keep him for any of several reasons. We ask that you keep this in mind and not schedule dental appointments, dancing lessons, etc., until after that interval. Teachers are also available to parents during the half hour after school, except on Wednesday and Friday, for conferences.

ASSEMBLIES

When your child's class puts on the assembly, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see big brother perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

Understanding Special Education

Since the implementation in 1975 of Public Law 94-142, the Education for All Handicapped Children Act, the field of special education has undergone many changes. In District Thirty, the Special Education Program has been designed to provide students with appropriate education in the least restrictive environment and in conjunction with the most recent Commissioner's regulations. The programs, which are continually revised and updated, are based on the needs of the children within the district. All programs outlined are open to any student in the district for whom the Committee for Special Education feel the placement is appropriate.

A six-level program has been developed according to the severity of the handicap:

- I. Consultation - the student attends a regular classroom while the teacher supplements instruction with special materials for the students.
- II. Itinerant - special education teachers travel to the regular schools to provide special assistance to the student and classroom teacher.
- III. Resource Room - the student leaves the regular classroom to work on problem subject areas with a special education teacher in a resource room.
- IV. Self-Contained - the student works with a special education teacher in a classroom with special facilities, but which is housed in a regular school. This environment is available in district-wide classes.
- V. BOCES Special Education - the student's entire environment is geared toward special instruction with multiple support services.
- VI. Private School - when the handicap is beyond the previous five levels, the student attends a private school which specializes in special education.

Students are placed in one of the six-level programs only after careful screening by the Committee for Special Education. Then, to individualize the instruction for each student, his or her parents work with the teachers to develop an Individualized Education Program (I.E.P.).

As the program has grown to meet the individual needs of each child, it is difficult to dispute the value of education for all children in the district has increased. As the exceptional child benefits by learning in a non-disabled world, do too, the non-handicapped child benefits from the valuable opportunity to grow in his or her ability to accept individual differences, and to become more cooperative and compassionate.

As the program has grown to meet the individual needs of each child, it is difficult to dispute the value of education for all children in the district has increased. As the exceptional child benefits by learning to function in a non-disabled world, do too, the non-handicapped child benefits from the valuable opportunity to grown in his or her ability to accept individual differences, and to become more cooperative and compassionate.

Vandalism

Vandalism costs money. Help us to reduce this drain on our tax dollars by keeping a watchful eye on your local school. Perhaps you have noticed persons on school grounds who were behaving suspiciously or actually engaged in vandalism, but you have not known where to call.

To report school vandalism or suspicious activities at your school, call the Nassau County Emergency Number 911. Give the name of the school, its location, and a brief description of what is happening. A police car will be radio-dispatched to investigate, and appropriate school personnel will be alerted. School officials will prosecute offenders whenever possible and attempt to secure restitution for damages.

Please report any of these activities:

- persons on the roof of the school
- anyone throwing objects at windows
- someone shooting weapons of any kind
- any kind of fire on school grounds
- destruction of grounds, shrubbery, or facility
- anyone operating mini-bikes on playgrounds or driveway
- any other suspicious or criminal acts

Use of School Facilities

The Board of Education encourages the use of school facilities for community purposes when such use does not interfere with the scheduled school program. Organizations desiring to use school facilities should request an 'Application for the Use of School Facilities' form from the principal of the school involved. Administrative rules and a statement of costs are explained on the application form.

School Visits

Parents are encouraged to visit school to meet the members of the professional staff, to examine the facilities, and instructional programs, and to share ideas. Those wishing to observe classes or to meet with staff members should arrange the visit in advance so that the time is appropriate and does not interfere with planned activities.

All visitors must register at the school office upon arrival, before visiting other parts of the building.

At dismissal times, parents picking up students are requested to meet them at a previously designated spot outside of the school. Dismissal exits have been assigned to classes in each building. Students are expected to leave the school building and school property in an orderly fashion at dismissal time each day. Such procedures are necessary to insure the safety of all students.

School Closings

Weather and other emergencies may warrant school closings. PTA Class Mothers will be informed and will initiate telephone calls to inform parents in each class. NEWS 12 on Channel 12 will carry school closing information. Such school closings will be also announced on the following local radio stations:

WCBS (AM) 88
WGGB (AM) 1240
WGSM (AM) 740

WALK (AM) 1370

WHLI (AM) 1100
WINS (AM) 1010

School Policies

Homework Requirements

Classroom learning is improved through effective homework assignments. Homework may include review, reinforcement, reading in preparation for classroom discussion, analysis and research. Homework helps students establish work habits which will influence their use of time throughout life. Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day - it will depend on the pupil and his/her needs. Students should require little if any help from parents in completing assignments. However, parents may assist students by insuring that they have a quiet, comfortable place to work.

Lost and Found

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Clear Stream, Shaw and Forest. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him/her. Please place your child's name on all his/her belongings.

Assemblies

When your child's class puts on an assembly program, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see older siblings perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

Medication

Under certain unusual circumstances, when it is necessary for the child to take internal medication during school hours, the nurse may cooperate with the family physician and the parents. If the parent submits a written request to the school authorities and it is accompanied by a written request from the family physician in which s/he indicates the frequency and dosage of a prescribed medication, then the school nurse may administer this medication during the school hours. Under no circumstances will a child be permitted to carry or to take medication by himself or herself.

Physical Education Attire and Sneakers

No special clothing is required, but sneakers are necessary for any pupils using the gym. Boys and girls are required to wear gym attire and sneakers on assigned gym days. The PE teachers will explain this to the pupils, but many times they do not bring the correct information home. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

Appointments with Teachers

In order that pupils' class time be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

Bicycles

NO bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF FOSTER AVENUE. All must have a lock and chain for safety purposes.

Gifts to Teachers Prohibited

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

In-Day Program

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session - not before five minutes prior to their scheduled lunch time.

School Policies

School Hours for all Schools

Kindergarten to Grade 6, including Special Classes: 8:30 a.m. to 2:45 p.m.

Breakfast

Students participating in the Breakfast Program at Forest Road School should not arrive before 7:55 a.m. Supervision is not provided for students prior to that time.

Lunch

Lunch is served beginning with the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria. Students are not permitted to leave school for lunch unless picked up by a parent or authorized adult. Monthly menus are provided so that if foods are served which your child does not eat, you can make other provisions for him/her for those days. In case a child forgets his/her lunch money, or loses either, we have a charge system to cover the emergency, except the week before summer vacation. The secretary keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time. Students may now purchase prepaid lunch tickets. Each ticket provides 20 meals, and is valid until June 24th, or until all 20 meals are used. All tickets will remain with the Cafeteria Cashier, so there is no chance for a child to lose his or her lunch money. Please make checks payable to the Valley Stream CHS District. For further information, contact our Business Office at 285-9880.

Ice Cream

Ice cream is sold daily to those pupils who wish it. It is not part of the hot lunch and costs additional.

Recess Milk

Recess milk is available to all children beginning about the third week of the school year and is sold at a cost per week payable each Thursday for the following week. You will be notified as to exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for period of less than a full week.

Absences

When your child has been absent, State law requires that he/she bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before he/she goes to the classroom. Please

be specific. Just saying, "he/she was ill", is not enough. Indicate whether it was "virus", "fever", "cold", etc.

A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contacts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

Noon Hour Rules

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for lunch for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a parent is home during the noon hour has no bearing on this exclusion.

Exits and Entrances

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him/her when you come to pick up. Parents picking up children are asked to meet them at the exit, not the classroom. Parents must wait outside the school at dismissal time.

A.M. Entrance Times

All Schools: Grades K to 6 - 8:20 a.m.

Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him/her to arrive just in time to enter the building during the proper interval. In inclement weather he/she may come into the designated area five minutes before the above times.

Class Interruptions

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his/her own sense of responsibility for these things.

School Policies

Physical Education Attire and Sneakers

No special clothing is required, but sneakers are necessary for any pupils using the gym. Boys and girls are required to wear gym attire and sneakers on assigned gym days. The PE teachers will explain this to the pupils, but many times they do not bring the correct information home. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

Appointments with Teachers

In order that pupils' class time be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

Bicycles

NO bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF FOSTER AVENUE. All must have a lock and chain for safety purposes.

Gifts to Teachers Prohibited

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

In-Day Program

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session - not before five minutes prior to their scheduled lunch time.

Homework Requirements

Classroom learning is improved through effective homework assignments. Homework may include review, reinforcement, reading in preparation for classroom discussion, analysis and research. Homework helps students establish work habits which will influence their use of time throughout life. Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework, but again this may not be every day - it will depend on the pupil and his/her needs. Students should require little if any help from parents in completing assignments. However, parents may assist students by insuring that they have a quiet, comfortable place to work.

Lost and Found

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Clear Stream, Shaw and Forest. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him/her. Please place your child's name on all his/her belongings.

Assemblies

When your child's class puts on an assembly program, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see older siblings perform, they are often distracting to all concerned. Picture taking is not allowed without prior approval.

Medication

Under certain unusual circumstances, when it is necessary for the child to take internal medication during school hours, the nurse may cooperate with the family physician and the parents. If the parent submits a written request to the school authorities and it is accompanied by a written request from the family physician in which s/he indicates the frequency and dosage of a prescribed medication, then the school nurse may administer this medication during the school hours. Under no circumstances will a child be permitted to carry or to take medication by himself or herself.

School Policies

School Hours for all Schools

Kindergarten to Grade 6, including Special Classes: 8:30 a.m. to 2:45 p.m.

Breakfast

Students participating in the Breakfast Program at Forest Road School should not arrive before 7:55 a.m. **Supervision is not provided for students prior to that time.**

Lunch

Lunch is served beginning with the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria. **Students are not permitted to leave school for lunch unless picked up by a parent or authorized adult.** Monthly menus are provided so that if foods are served which your child does not eat, you can make other provisions for him/her for those days. In case a child forgets his/her lunch money, or loses either, we have a charge system to cover the emergency, except the week before summer vacation. The secretary keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time. Students may now purchase prepaid lunch tickets. Each ticket provides 20 meals, and is valid until June 24th, or until all 20 meals are used. All tickets will remain with the Cafeteria Cashier, so there is no chance for a child to lose his or her lunch money. Please make checks payable to the Valley Stream CHS District. For further information, contact our Business Office at 285-9880.

Ice Cream

Ice cream is sold daily to those pupils who wish it. It is **not** part of the hot lunch and costs additional.

Recess Milk

Recess milk is available to all children beginning about the third week of the school year and is sold at a cost per week payable each Thursday for the following week. You will be notified as to exact date. Money brought in late (Friday) cannot be accepted. In case of a child's absence, no refund is made for period of less than a full week.

Absences

When your child has been absent, State law requires that he/she bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse **before** he/she goes to the classroom. Please

be specific. Just saying, "he/she was ill", is not enough. Indicate whether it was "virus", "fever", "cold", etc.

A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contacts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

Noon Hour Rules

When pupils misbehave in the cafeteria, auditorium, or on the playground during the noon hour, after repeated reminders, the teachers have the authority to exclude them from staying in school for a few days, or longer, depending on the misbehavior. If you receive such a note from us, we would appreciate your cooperation. Whether or not a parent is home during the noon hour has no bearing on this exclusion.

Exits and Entrances

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him/her when you come to pick up. Parents picking up children are asked to meet them at the exit, **not** the classroom. Parents must wait outside the school at dismissal time.

A.M. Entrance Times

All Schools: Grades K to 6 - 8:20 a.m.
Because there is no supervision of the playground in the morning, we suggest you arrange your child's departure from home to allow him/her to arrive just in time to enter the building during the proper interval. In inclement weather he/she may come into the designated area five minutes before the above times.

Class Interruptions

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his/her own sense of responsibility for these things.

Special Services and Programs

It is the commitment of District Thirty to provide challenging and successful educational experiences for all children. Such challenges and successes will differ from child to child. The Office of Special Services and Programs is responsible for coordinating the various district-wide activities which promote school success for every child. Included in these activities are standardized testing, reading remediation, English as a Second Language, Gifted and Talented Education, speech and language therapy, health screening, counseling, and special education services.

Through the committee on Special Education (CSE) and the Committee on Pre-School Special Education (CPSE) children are assessed to determine eligibility for special education services. If a school-aged child is determined to have a disability, appropriate services will be provided within the consideration of the least restrictive environment. Appropriate services and instruction are determined by CSE/CPSE review and incorporated in the student's Individualized Education Program (IEP). Within District Thirty, students may receive IEP related services such as speech and language therapy, resource room, counseling, and occupational/physical therapy while participating in the regular education program. Learning Center (LC) classes provide instruction in reduced size learning environments with opportunities to be mainstreamed (as appropriate) into regular education classes. Some children because of their unique needs may benefit from out-of-district classes in neighboring school districts, BOCES programs, or private school placements. In any case, successfully meeting the needs of each child with a disability is the result of meaningful collaboration among parents, teachers, related services staff, administrators, and the CSE.

For preschool children between three and five years of age, the Committee on Pre-School Special Education (CPSE) process is designed to identify children who may be in need of special education services. Parents who suspect that their preschool child may not be attaining age-expected developmental behaviors are encouraged to contact the Director of Special Services for information about CPSE and the types of services available to eligible children. The Office of Special Services and Programs also coordinates with the Early Intervention Program of the Nassau County Department of Health to provide a smooth transition of services for infants and toddlers with disabilities to CPSE.

District Thirty also provides services to eligible children as specified by Section 504 of the Rehabilitation Act of 1973. The Director of Special Services and Programs is also the Section 504 Coordinator for the district.

The Office of Special Services and Programs is located at Washington Avenue Administrative Building; the phone number is 285-9833.

Vandalism

Vandalism costs money. Help us to reduce this drain on our tax dollars by keeping a watchful eye on your local school. Perhaps you have noticed persons on school grounds who were behaving suspiciously or actually engaged in vandalism, but you have not known where to call.

To report school vandalism or suspicious activities at your school, call the Nassau County Emergency Number 911. Give the name of the school, its location, and a brief description of what is happening. A police car will be radio-dispatched to investigate, and appropriate school personnel will be alerted. School officials will prosecute offenders whenever possible and attempt to secure restitution for damages.

Please report any of these activities:

- persons on the roof of the school
- anyone throwing objects at windows
- someone shooting weapons of any kind
- any kind of fire on school grounds
- destruction of grounds, shrubbery, or facility
- anyone operating mini-bikes on playgrounds or driveway
- any other suspicious or criminal acts

Use of School Facilities

The Board of Education encourages the use of school facilities for community purposes when such use does not interfere with the scheduled school program. Organizations desiring to use school facilities should request an "Application for the Use of School Facilities" form from the principal of the school involved. Administrative rules and a statement of costs are explained on the application form.

School Visits

Parents are encouraged to visit school to meet the members of the professional staff, to examine the facilities, and instructional programs, and to share ideas. Those wishing to observe classes or to meet with staff members should arrange the visit in advance so that the time is appropriate and does not interfere with planned activities.

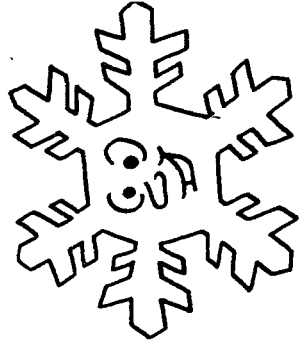

All visitors must register at the school office upon arrival, before visiting other parts of the building.

At dismissal times, parents picking up students are requested to meet them at a previously designated spot outside of the school. Dismissal exits have been assigned to classes in each building. Students are expected to leave the school building and school property in an orderly fashion at dismissal time each day. Such procedures are necessary to insure the safety of all students.

School Closings or Delayed Openings

Weather and other emergencies may warrant school closings or delayed openings. A delayed opening means students are expected to be at school at 10 AM. PTA Class Parents will be informed and will initiate telephone calls to inform parents in each class. NEWS 12 on Channel 12 will carry school closing information. Such school closings or delays will be also announced on the following local radio stations:

WCBS (AM)	88	WHLI (AM)	1100
WGBB (AM)	1240	WINS (AM)	1010
WGSM (AM)	740	WALK (FM)	97.5
		WALK (AM)	1370

School Policies

School Hours for all Schools

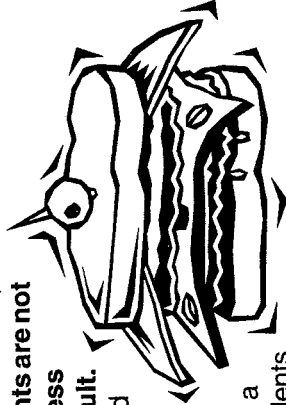

Kindergarten to Grade 6, including Special Classes: 8:30 a.m. to 2:45 p.m. First bell rings at 8:20 a.m. Check with your school regarding availability of supervision for students who arrive before 8:20 a.m.

Breakfast

Students participating in the District Breakfast Program should not arrive before 7:50 a.m. **Supervision is not provided for students prior to that time.**

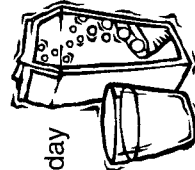

Lunch

Lunch is served beginning on the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria. **Students are not permitted to leave school for lunch unless picked up by a parent or authorized adult.** Monthly menus are provided. In case a child forgets or loses his/her lunch money, there is a charge system to cover the emergency. The secretary keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time. Students may purchase prepaid lunch tickets. Each ticket provides 20 meals, and is valid until June, or until all 20 meals are used. All tickets will remain with the Cafeteria Cashier.

Snack Milk & Juice

Snack milk & juice are sold to all children beginning the first day of school. You will be notified as to exact date for payment. In case of a child's absence, no refund is made for period of less than a full week.

Absences

When your child has been absent, State law requires that he/she bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse **before** he/she goes to the classroom. Please be specific. Just saying, "he/she was ill", is not enough. Indicate whether it was "virus", "fever", "cold", etc.

A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contacts a contagious disease,

such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

Noon Hour Rules

Students who repeatedly misbehave in the cafeteria, auditorium, or on the playground during the noon hour, may be excluded from staying in school for lunch for a few days. If you receive such a note from the principal/teacher, we would appreciate your cooperation. Whether or not a parent is home during the noon hour has no bearing on this exclusion.

Exits and Entrances

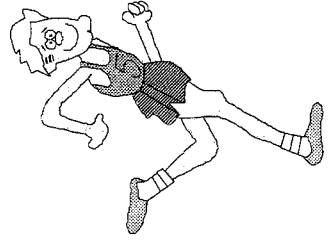

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him/her when you come to pick up. Parents picking up children are asked to meet them at the exit, **not the classroom.** Parents must wait outside the school at dismissal time.

Class Interruptions

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his/her own sense of responsibility for these things.

Physical Education Attire and Sneakers

Boys and girls are required to wear appropriate attire and sneakers on assigned gym days. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

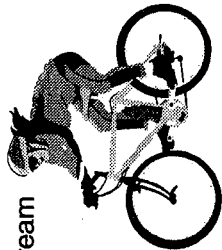

School Policies

Appointments with Teachers

In order that pupils' class time be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

Bicycles

NO bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF FOSTER AVENUE. **Bicycle operators must wear safety helmets.** All must have a lock and chain for safety purposes.

Gifts to Teachers Prohibited

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

In-Day Program

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session - not before five minutes prior to their scheduled lunch time.

Homework Requirements

Classroom learning is improved through effective homework assignments. Homework may include review, reinforcement, reading in preparation for classroom discussion, analysis and research. Homework helps students establish

work habits which will influence their use of time throughout life. Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework.

Students should require little if any help from parents in completing assignments. However, parents may assist students by insuring that they have a quiet, comfortable place to work.

Lost and Found

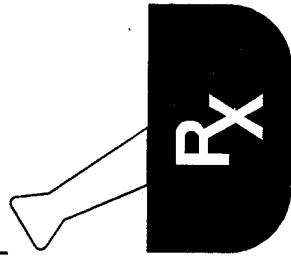

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Clear Stream, Shaw and Forest. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him/her. Please place your child's name on all his/her belongings.

Assemblies

When your child's class puts on an assembly program, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see older siblings perform, they are often distracting to all concerned. Picture taking or video taping are not allowed without prior approval.

Medication

When it is necessary for the child to take internal medication during school hours, the nurse will cooperate with the family physician and the parents. The parent must submit a written request to the Nurse with a written request from the family physician indicating the frequency and dosage of a prescribed medication. Then the school nurse will administer this medication during the school hours. Under no circumstances will a child be permitted to carry or to take medication by himself or herself.

School Policies

School Hours for all Schools

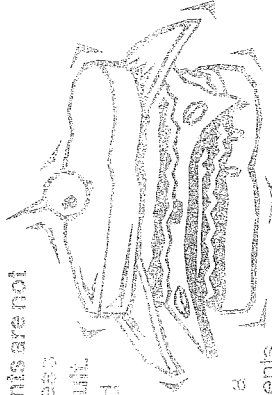

Kindergarten through Learning Special Classes: 8:30 a.m. to 2:45 p.m. First and high school students: 8:00 a.m. to 2:45 p.m. Please contact your school regarding availability of supervision for students who arrive before 8:20 a.m.

Breakfast

Students participating in the District Breakfast Program should not arrive before 7:50 a.m. Supervision is not provided for students prior to that time.

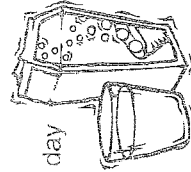

Lunch

Lunch is served beginning on the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria. Students are not permitted to bring money for lunch unless packed up by a parent or authorized adult. Monthly menus are provided. In case a child forgets or loses their lunch money, there is a charge system to cover the emergency. The secretary keeps the record of such charges and amounts. The parents should arrange to have the charges paid in a reasonable time. Students may purchase preparatory lunch tickets. Each ticket provides 20 meals, and is valid until June, or until all 20 meals are used. All tickets will remain with the Cafeteria Cashier.

Snack Milk & Juice

Snack milk & juice are sold to all children beginning the first day of school. You will be notified as to exact date for payment. In case of a child's absence, no refund is made for period of less than a full week.

Absences

When your child has been absent, State law requires that he/she bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before he/she goes to the classroom. Please be specific. Just saying, "he/she was ill", is not enough. Indicate whether it was "virus", "fever", "cold", etc.

A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contacts a contagious disease,

such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

Noon Hour Rules

Students who repeatedly misbehave in the cafeteria, auditorium, or on the playground during the noon hour, may be excluded from staying in school for lunch for a few days. If you receive such a note from the principal/teacher, we would appreciate your cooperation. Whether or not a parent is home during the noon hour has no bearing on this exclusion.

Exits and Entrances

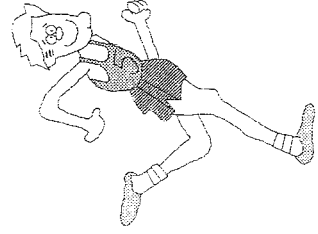

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him/her when you come to pick up. Parents picking up children are asked to meet them at the exit, **not the classroom**. Parents must wait outside the school at dismissal time.

Class Interruptions

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his/her own sense of responsibility for these things.

Physical Education Attire and Sneakers

Boys and girls are required to wear appropriate attire and sneakers on assigned gym days. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

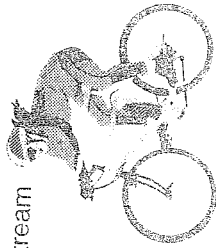

School Policies

Appointments with Teachers

In order that pupils' class time be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

Bicycles

NO bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF FOSTER AVENUE. Bicycle operators must wear safety helmets. All must have a lock and chain for safety purposes.

Gifts to Teachers Prohibited

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

In-Day Program

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to do their homework are allowed to participate in this program because of space limitations, as are only parents to return these pupils to school on such days just in time for the afternoon session - not before five minutes prior to their scheduled lunch time.

Assignment Requirements

Classroom learning is improved through effective homework assignments. Homework may include review, reinforcement, reading in preparation for classroom discussion, analysis and research. Homework helps students establish

work habits which will influence their use of time throughout life. Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework. Students should require little if any help from parents in completing assignments.

However, parents may assist students by insuring that they have a quiet, comfortable place to work.

Lost and Found

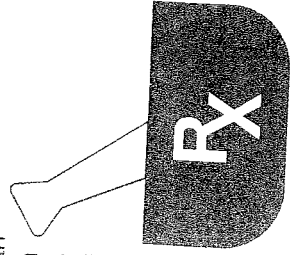

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Clear Stream, Shaw and Forest. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him/her. Please place your child's name on all his/her belongings.

Assemblies

When your child's class puts on an assembly program, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see older siblings perform, they are often distracting to all concerned. Picture taking or video taping are not allowed without prior approval.

Medication

When it is necessary for the child to take internal medication during school hours, the nurse will cooperate with the family physician and the parents. The parent must submit a written request to the Nurse with a written request from the family physician indicating the frequency and dosage of a prescribed medication. Then the school nurse will administer this medication during the school hours. Under no circumstances will a child be permitted to carry or to take medication by himself or herself.

Vandalism

Vandalism costs money. Help us to reduce this drain on our tax dollars by keeping a watchful eye on your local school. Perhaps you have noticed persons on school grounds who were behaving suspiciously or actually engaged in vandalism, but you have not known where to call.

To report school vandalism or suspicious activities at your school, call the Nassau County Emergency Number 911. Give the name of the school, its location, and a brief description of what is happening. A police car will be radio-dispatched to investigate, and appropriate school personnel will be alerted. School officials will prosecute offenders whenever possible and attempt to secure restitution for damages.

	5/1/76

Please report any of these activities:

- persons on the roof of the school
- anyone throwing objects at windows
- someone shooting weapons of any kind
- any kind of fire on school grounds
- destruction of grounds, shrubbery, or facility
- anyone operating mini-bikes on playgrounds or driveway
- any other suspicious or criminal acts

Use of School Facilities

Parents and other community members are invited to use school facilities for community purposes when such use does not interfere with the scheduled school activities. Requests for the use of school facilities should request an "Application for the Use of School Facilities" form from the principal and be accompanied by other administrative rules and a statement of costs are explained on the application form.

School Visits

Parents and other community members are invited to visit school to meet the members of the professional staff, to examine the facilities, and instructional programs, and to observe classes. Those wishing to observe classes or to meet with staff members should arrange the visit in advance so that the time is appropriate and does not interfere with planned activities.

Parents must register at the school office upon arrival, before visiting other parts of the building.

At dismissal times, parents picking up students are requested to meet them at a previously designated spot outside of the school. Dismissal will be held only in the assigned classroom. Students are expected to leave the school building and school property in an orderly fashion at dismissal time each day. Such procedures are necessary to insure the safety of all students.

School Closings or Delayed Openings

Weather and other emergencies may warrant school closings or delayed openings. A delayed opening means students are expected to be at school at 10 AM. PTA Class Parents will be informed and will initiate telephone calls to inform parents of such a class. NEWS 12 on Channel 12 will carry school closing information. Such school closings or delays will be also announced on the following local radio stations:

School Policies

School Hours for all Schools

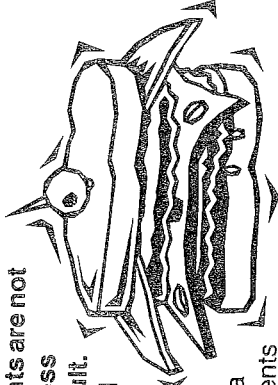

Kindergarten to Grade 6, including Special Classes: 8:30 a.m. to 2:45 p.m. First bell rings at 8:20 a.m. Check with your school regarding availability of supervision for students who arrive before 8:20 a.m.

Breakfast

Students participating in the District Breakfast Program should not arrive before 7:50 a.m. **Supervision is not provided for students prior to that time.**

Lunch

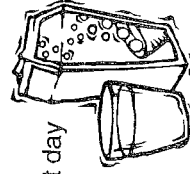

Lunch is served beginning on the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria. **Students are not permitted to leave school for lunch unless picked up by a parent or authorized adult.** Monthly menus are provided. In case a child forgets or loses his/her lunch money, there is a charge system to cover the emergency.

The secretary keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time. Students may purchase prepaid lunch tickets. Each ticket provides 20 meals, and is valid until June, or until all 20 meals are used. All tickets will remain with the Cafeteria Cashier.

Snack Milk & Juice

Snack milk & juice are sold to all children beginning the first day of school. You will be notified as to exact date for payment. In case of a child's absence, no refund is made for period of less than a full week.

Absences

When your child has been absent, State law requires that he/she bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse **before** he/she goes to the classroom. Please be specific. Just saying, "he/she was ill", is not enough. Indicate whether it was "virus", "fever", "cold", etc.

A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contacts a contagious disease,

such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

Noon Hour Rules

Students who repeatedly misbehave in the cafeteria, auditorium, or on the playground during the noon hour, may be excluded from staying in school for lunch for a few days. If you receive such a note from the principal/teacher, we would appreciate your cooperation. Whether or not a parent is home during the noon hour has no bearing on this exclusion.

Exits and Entrances

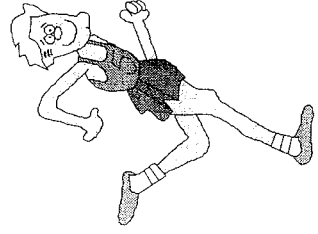

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him/her when you come to pick up. Parents picking up children are asked to meet them at the exit, **not the classroom**. Parents must wait outside the school at dismissal time.

Class Interruptions

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his/her own sense of responsibility for these things.

Physical Education Attire and Sneakers

Boys and girls are required to wear appropriate attire and sneakers on assigned gym days. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

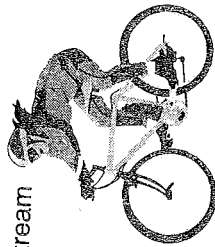

School Policies

Appointments with Teachers

In order that pupils' class time be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

Bicycles

NO bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF FOSTER AVENUE. **Bicycle operators must wear safety helmets.** All must have a lock and chain for safety purposes.

Gifts to Teachers Prohibited

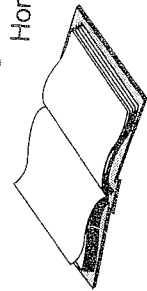

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

In-Day Program

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session - not before five minutes prior to their scheduled lunch time.

Homework Requirements

Classroom learning is improved through effective homework assignments. Homework may include review, reinforcement, reading in preparation for classroom discussion, analysis and research. Homework helps students establish

work habits which will influence their use of time throughout life. Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework. Students should require little if any help from parents in completing assignments.

However, parents may assist students by insuring that they have a quiet, comfortable place to work.

Lost and Found

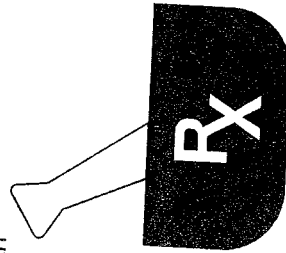

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Clear Stream, Shaw and Forest. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him/her. Please place your child's name on all his/her belongings.

Assemblies

When your child's class puts on an assembly program, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see older siblings perform, they are often distracting to all concerned. Picture taking or video taping are not allowed without prior approval.

Medication

When it is necessary for the child to take internal medication during school hours, the nurse will cooperate with the family physician and the parents. The parent must submit a written request to the Nurse with a written request from the family physician indicating the frequency and dosage of a prescribed medication. Then the school nurse will administer this medication during the school hours. Under no circumstances will a child be permitted to carry or to take medication by himself or herself.

Special Services and Programs

It is the commitment of District Thirty to provide challenging and successful educational experiences for all children. Such challenges and successes will differ from child to child. The Office of Special Services and Programs is responsible for coordinating the various district-wide activities which promote school success for every child. Included in these activities are standardized testing, reading remediation, English as a Second Language, Gifted and Talented Education, speech and language therapy, health screening, counseling, and special education services.

Through the committee on Special Education (CSE) and the Committee on Pre-School Special Education (CPSE) children are assessed to determine eligibility for special education services. If a school-aged child is determined to have a disability, appropriate services will be provided within the consideration of the least restrictive environment. Appropriate services and instruction are determined by CSE/CPSE review and incorporated in the student's Individualized Education Program (IEP). Within District Thirty, students may receive IEP related services such as speech and language therapy, resource room, counseling, and occupational/physical therapy while participating in the regular education program. Learning Center (LC) classes provide instruction in reduced size learning environments with opportunities to be mainstreamed (as appropriate) into regular education classes. Some children because of their unique needs may benefit from out-of-district classes in neighboring school districts, BOCES programs, or private school placements. In any case, successfully meeting the needs of each child with a disability is the result of meaningful collaboration among parents, teachers, related services staff, administrators, and the CSE.

For preschool children between three and five years of age, the Committee on Pre-School Special Education (CPSE) process is designed to identify children who may be in need of special education services. Parents who suspect that their preschool child may not be attaining age-expected developmental behaviors are encouraged to contact the Director of Special Services for information about CPSE and the types of services available to eligible children. The Office of Special Services and Programs also coordinates with the Early Intervention Program of the Nassau County Department of Health to provide a smooth transition of services for infants and toddlers with disabilities to CPSE.

District Thirty also provides services to eligible children as specified by Section 504 of the Rehabilitation Act of 1973. The Director of Special Services and Programs is also the Section 504 Coordinator for the district.

The Office of Special Services and Programs is located at Washington Avenue Administrative Building; the phone number is 285-9833.

Vandalism

Vandalism costs money. Help us to reduce this drain on our tax dollars by keeping a watchful eye on your local school. Perhaps you have noticed persons on school grounds who were behaving suspiciously or actually engaged in vandalism, but you have not known where to call.

To report school vandalism or suspicious activities at your school, call the Nassau County Emergency Number 911. Give the name of the school, its location, and a brief description of what is happening. A police car will be radio-dispatched to investigate, and appropriate school personnel will be alerted. School officials will prosecute offenders whenever possible and attempt to secure restitution for damages.

Please report any of these activities:

- persons on the roof of the school
- anyone throwing objects at windows
- someone shooting weapons of any kind
- any kind of fire on school grounds
- destruction of grounds, shrubbery, or facility
- anyone operating mini-bikes on playgrounds or driveway
- any other suspicious or criminal acts

Use of School Facilities

The Board of Education encourages the use of school facilities for community purposes when such use does not interfere with the scheduled school program. Organizations desiring to use school facilities should request an "Application for the Use of School Facilities" form from the principal of the school involved. Administrative rules and a statement of costs are explained on the application form.

School Visits

Parents are encouraged to visit school to meet the members of the professional staff, to examine the facilities, and instructional programs, and to share ideas. Those wishing to observe classes or to meet with staff members should arrange the visit in advance so that the time is appropriate and does not interfere with planned activities.

All visitors must register at the school office upon arrival, before visiting other parts of the building.

At dismissal times, parents picking up students are requested to meet them at a previously designated spot outside of the school. Dismissal exits have been assigned to classes in each building. Students are expected to leave the school building and school property in an orderly fashion at dismissal time each day. Such procedures are necessary to insure the safety of all students.

School Closings or Delayed Openings

Weather and other emergencies may warrant school closings or delayed openings. A delayed opening means students are expected to be at school at 10 AM. PTA Class Parents will be informed and will initiate telephone calls to inform parents in each class. NEWS 12 on Channel 12 will carry school closing information. Such school closings or delays will be also announced on the following local radio stations:

Special Services and Programs

It is the commitment of District Thirty to provide challenging and successful educational experiences for all children. Such challenges and successes will differ from child to child. The Office of Special Services and Programs is responsible for coordinating the various district-wide activities which promote school success for every child. Included in these activities are standardized testing, reading remediation, English as a Second Language, Gifted and Talented Education, speech and language therapy, health screening, counseling, and special education services.

Through the committee on Special Education (CSE) and the Committee on Pre-School Special Education (CPSE) children are assessed to determine eligibility for special education services. If a school-aged child is determined to have a disability, appropriate services will be provided within the consideration of the least restrictive environment. Appropriate services and instruction are determined by CSE/CPSE review and incorporated in the student's Individualized Education Program (IEP). Within District Thirty, students may receive IEP related services such as speech and language therapy, resource room, counseling, and occupational/physical therapy while participating in the regular education program. Learning Center (LC) classes provide instruction in reduced size learning environments with opportunities to be mainstreamed (as appropriate) into regular education classes. Some children because of their unique needs may benefit from out-of-district classes in neighboring school districts, BOCES programs, or private school placements. In any case, successfully meeting the needs of each child with a disability is the result of meaningful collaboration among parents, teachers, related services staff, administrators, and the CSE.

For preschool children between three and five years of age, the Committee on Pre-School Special Education (CPSE) process is designed to identify children who may be in need of special education services. Parents who suspect that their preschool child may not be attaining age-expected developmental behaviors are encouraged to contact the Director of Special Services for information about CPSE and the types of services available to eligible children. The Office of Special Services and Programs also coordinates with the Early Intervention Program of the Nassau County Department of Health to provide a smooth transition of services for infants and toddlers with disabilities to CPSE.

District Thirty also provides services to eligible children as specified by Section 504 of the Rehabilitation Act of 1973. The Director of Special Services and Programs is also the Section 504 Coordinator for the district.

The Office of Special Services and Programs is located at Washington Avenue Administrative Building; the phone number is 285-9833.

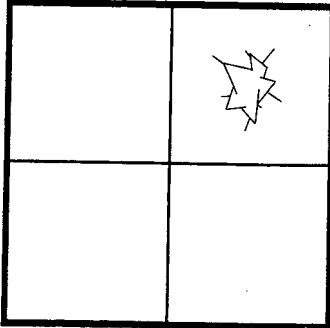

Elaine Faling
CSE/CPSE Secretary

Gene Nyitray
Director

Vandalism

Vandalism costs money. Help us to reduce this drain on our tax dollars by keeping a watchful eye on your local school. Perhaps you have noticed persons on school grounds who were behaving suspiciously or actually engaged in vandalism, but you have not known where to call.

To report school vandalism or suspicious activities at your school, call the Nassau County Emergency Number 911. Give the name of the school, its location, and a brief description of what is happening. A police car will be radio-dispatched to investigate, and appropriate school personnel will be alerted. School officials will prosecute offenders whenever possible and attempt to secure restitution for damages.

Please report any of these activities:

- persons on the roof of the school
- anyone throwing objects at windows
- someone shooting weapons of any kind
- any kind of fire on school grounds
- destruction of grounds, shrubbery, or facility
- anyone operating mini-bikes on playgrounds or driveway
- any other suspicious or criminal acts

Use of School Facilities

The Board of Education encourages the use of school facilities for community purposes when such use does not interfere with the scheduled school program. Organizations desiring to use school facilities should request an "Application for the Use of School Facilities" form from the principal of the school involved. Administrative rules and a statement of costs are explained on the application form.

School Visits

Parents are encouraged to visit school to meet the members of the professional staff, to examine the facilities, and instructional programs, and to share ideas. Those wishing to observe classes or to meet with staff members should arrange the visit in advance so that the time is appropriate and does not interfere with planned activities.

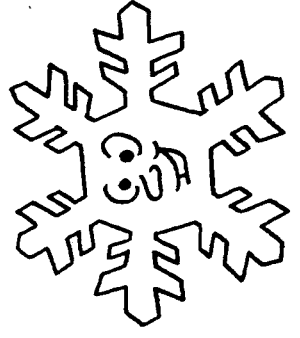

All visitors must register at the school office upon arrival, before visiting other parts of the building.

At dismissal times, parents picking up students are requested to meet them at a previously designated spot outside of the school. Dismissal exits have been assigned to classes in each building. Students are expected to leave the school building and school property in an orderly fashion at dismissal time each day. Such procedures are necessary to insure the safety of all students.

School Closings or Delayed Openings

Weather and other emergencies may warrant school closings or delayed openings. A delayed opening means students are expected to be at school at 10 AM. PTA Class Parents will be informed and will initiate telephone calls to inform parents in each class. NEWS 12 on Channel 12 will carry school closing information. Such school closings or delays will be also announced on the following local radio stations:

WCBS (AM)	88	WHLI (AM)	1100
WGBB (AM)	1240	WINS (AM)	1010
WGSM (AM)	740	WALK (FM)	97.5
		WALK (AM)	1370

School Policies

School Hours for all Schools

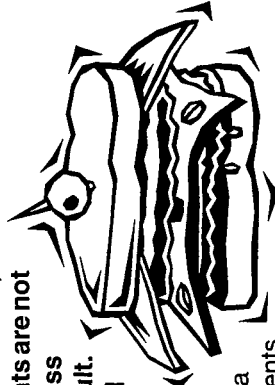

Kindergarten to Grade 6, including Special Classes: 8:30 a.m. to 2:45 p.m. First bell rings at 8:20 a.m. Check with your school regarding availability of supervision for students who arrive before 8:20 a.m.

Breakfast

Students participating in the District Breakfast Program should not arrive before 7:50 a.m. **Supervision is not provided for students prior to that time.**

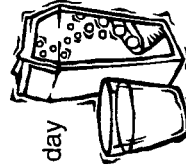

Lunch

Lunch is served beginning on the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria. **Students are not permitted to leave school for lunch unless picked up by a parent or authorized adult.** Monthly menus are provided. In case a child forgets or loses his/her lunch money, there is a charge system to cover the emergency. The secretary keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time. Students may purchase prepaid lunch tickets. Each ticket provides 20 meals, and is valid until June, or until all 20 meals are used. All tickets will remain with the Cafeteria Cashier.

Snack Milk & Juice

Snack milk & juice are sold to all children beginning the first day of school. You will be notified as to exact date for payment. In case of a child's absence, no refund is made for period of less than a full week.

Absences

When your child has been absent, State law requires that he/she bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse **before** he/she goes to the classroom. Please be specific. Just saying, "he/she was ill", is not enough. Indicate whether it was "virus", "fever", "cold", etc.

A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contacts a contagious disease,

such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

Noon Hour Rules

Students who repeatedly misbehave in the cafeteria, auditorium, or on the playground during the noon hour, may be excluded from staying in school for lunch for a few days. If you receive such a note from the principal/teacher, we would appreciate your cooperation. Whether or not a parent is home during the noon hour has no bearing on this exclusion.

Exits and Entrances

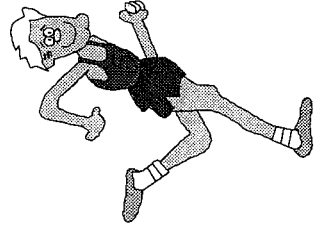

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him/her when you come to pick up. Parents picking up children are asked to meet them at the exit, **not the classroom.** Parents must wait outside the school at dismissal time.

Class Interruptions

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-round education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his/her own sense of responsibility for these things.

Physical Education Attire and Sneakers

Boys and girls are required to wear appropriate attire and sneakers on assigned gym days. **NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.**

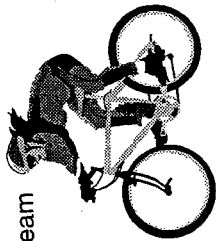

School Policies

Appointments with Teachers

In order that pupils' class time be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

Bicycles

NO bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4, 5, and 6 who live NORTH OF FOSTER AVENUE. **Bicycle operators must wear safety helmets.** All must have a lock and chain for safety purposes.

Gifts to Teachers Prohibited

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts purposes, by any person, or persons, on the premises.

In-Day Program

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such days just in time for the afternoon session - not before five minutes prior to their scheduled lunch time.

Homework Requirements

Classroom learning is improved through effective homework assignments. Homework may include review, reinforcement, reading in preparation for classroom discussion, analysis and research. Homework helps students establish

work habits which will influence their use of time throughout life. Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework.

Students should require little if any help from parents in completing assignments. However, parents may assist students by insuring that they have a quiet, comfortable place to work.

Lost and Found

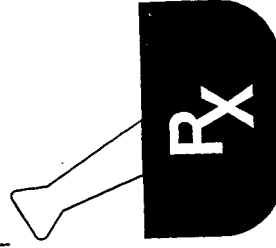

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Clear Stream, Shaw and Forest. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him/her. Please place your child's name on all his/her belongings.

Assemblies

When your child's class puts on an assembly program, we welcome your attendance, but we do ask you not to bring pre-school children. As much as we realize that it is a thrill for them to see older siblings perform, they are often distracting to all concerned. Picture taking or video taping are not allowed without prior approval.

Medication

When it is necessary for the child to take internal medication during school hours, the nurse will cooperate with the family physician and the parents. The parent must submit a written request to the Nurse with a written request from the family physician indicating the frequency and dosage of a prescribed medication. Then the school nurse will administer this medication during the school hours. Under no circumstances will a child be permitted to carry or to take medication by himself or herself.

* Also Serves on the High School Board

VALLEY STREAM DISTRICT 30

Vision

Valley Stream School District 30 is dedicated to maximizing the potential of our children and helping them discover the joy of learning.

Mission

The mission of Valley Stream School District 30, through collaboration with parents and community partners, is to educate all students to their highest levels of performance in nurturing learning environments that are safe, inclusive, and student centered.

Beliefs

WE BELIEVE THAT:

Every child can learn.

A child who experiences success will develop greater self-esteem.

Diversity should be embraced, appreciated, and respected.

Children should be encouraged to think creatively and work cooperatively.

Student needs determine instructional delivery.

Individuals should be accountable for their performance and behavior.

All community members are partners who share the responsibility of educating our children.

WE BELIEVE THAT WE MUST:

Create safe, caring and challenging learning environments.

Prepare each child to meet the challenges of the 21st Century.

Promote life-long learning.

Encourage active family and community involvement.

Provide appropriate resources and utilize innovative technology to assure success for each student.

Implement an integrated curriculum that is developmentally sequential from grade to grade.

Encourage and model honesty, integrity, and respect.

These vision, mission, and belief statements were created by the District 30 Comprehensive District Education Plan (CDEP) Committee during the 1999-2000 school year through a collaborative process. The Committee was composed of parents, teachers, administrators, and educational consultants.

OFFICE OF SPECIAL SERVICES

The Office of Special Services and Programs for Valley Stream Union Free School District 30 is committed to providing challenging and successful educational experiences for all students. How students meet these challenges and experience success will differ from student to student. The Office of Special Services and Programs is responsible for coordinating and providing various district-wide support services that promote school success for all students in an encouraging and welcoming environment. Included in these activities are standardized testing, English as a Second Language, Gifted and Talented Education, Speech and Language Remediation, Psychological Services, Health Screening and Special Education Services.

The Office of Special Services has the responsibility to provide appropriate support for students with disabilities in the least restrictive environment. Through the Committee on Special Education (CSE), students are assessed to determine eligibility for special education services. The Committee on Pre-school Special Education (CPSE) identifies a child found to be an eligible "pre-school child with a disability." Parents who suspect that their pre-school child has a developmental delay or disability that may be affecting his or her learning are encouraged to contact the Special Education Administrator for information about pre-school special education services available for eligible children.

Valley Stream U.F.S.D. 30 will provide appropriate special education services and programs through individualized planning and programming. Appropriate special education services and programs to meet each child's individual needs are determined collaboratively with school personnel, parents and community agencies at a CSE/CPSE review meeting. The recommended services and programs to meet each child's individual needs are incorporated into the student's Individual Educational Plan (IEP).

Valley Stream U.F.S.D. 30 provides a full continuum of special education and related services. These services can be provided in the general education classroom, resource room or special education classes within the district as well as appropriate settings outside the district. The related services include speech/language therapy, counseling, occupational therapy and physical therapy. The Learning Center (LC) Classes provide instruction in smaller student/teacher ratio with appropriate mainstreaming opportunities into the regular education classes. Students whose unique needs cannot be accommodated within the district may benefit from placement in out-of-district classes in neighboring school districts, BOCES (Board of Cooperative Education Services), or other private facilities. Valley Stream U.F.S.D. 30 strives to educate each child in the least restrictive environment. Programs are designed to allow students to be integrated with their non-disabled peers to the maximum extent appropriate.

Valley Stream U.F.S.D. 30 also provides services to eligible students as specified by Section 504 of the Rehabilitation Act of 1973.

The Office of Special Services and Programs is located at the Administration Building, 150 Washington Avenue. The telephone number is 285-9820.

SCHOOL POLICIES

VANDALISM

Vandalism costs money. Help us to reduce this drain on our tax dollars by keeping a watchful eye on your local school. Perhaps you have noticed persons on school grounds who were behaving suspiciously or actually engaged in vandalism, but you have not known where to call.

To report school vandalism or suspicious activities at your school, call the Nassau County Emergency Number 911. Give the name of the school, its location, and a brief description of what is happening. A police car will be radio-dispatched to investigate, and appropriate school personnel will be alerted. School officials will prosecute offenders whenever possible and attempt to secure restitution for damages.

PLEASE REPORT ANY OF THESE ACTIVITIES:

- Persons on the roof of the school
- Anyone throwing objects at windows
- Someone shooting weapons of any kind
- Any kind of fire on school grounds
- Destruction of grounds, shrubbery, or facility
- Anyone operating mini-bikes on playgrounds or driveway
- Any other suspicious or criminal acts

USE OF SCHOOL FACILITIES

The Board of Education encourages the use of school facilities for community purposes when

such use does not interfere with the scheduled school program. Organizations desiring to use school facilities should request an "Application for the Use of School Facilities" form from the principal of the school involved. Administrative rules and a statement of costs are explained on the application form.

SCHOOL VISITS

Parents are encouraged to visit our schools to meet the members of the professional staff, to examine the facilities and instructional programs, and to share ideas. Those wishing to observe classes or to meet with staff members should arrange the visit in advance so that the time is appropriate and does not interfere with planned activities.

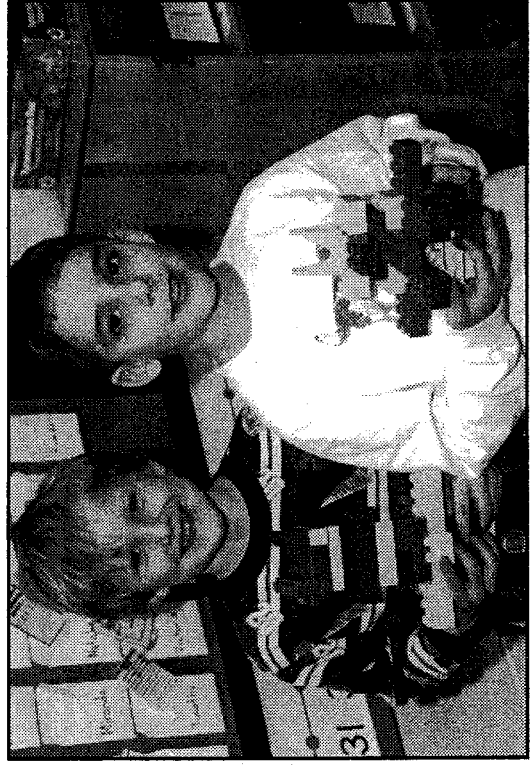

All visitors must register at the school office upon arrival, before visiting other parts of the building.

At dismissal times, parents picking up students are requested to meet them at a previously designated spot outside of the school. Dismissal exits have been assigned to classes in each building. Students are expected to leave the school building and school property in an orderly fashion at dismissal time each day. Such procedures are necessary to ensure the safety of all students.

SCHOOL CLOSINGS OR DELAYED OPENINGS

Weather and other emergencies may warrant school closings or delayed openings. A delayed opening means students are expected to be at school at 10 a.m. PTA Class Parents will be informed and will initiate telephone calls to inform parents in each class. NEWS 12 on Channel 12 will carry school closing information. Such school closings or delays will also be announced on the following local radio stations:

WCBS (AM) 88	WGSM (AM) 740
WINS (AM) 1010	WALK (AM) 1370
WGBB (AM) 1240	WHLI (AM) 1100
WALK (FM) 97.5	

SCHOOL POLICIES

SCHOOL HOURS FOR ALL SCHOOLS

Kindergarten to Grade 6, including Special Classes: 8:30 a.m. to 2:45 p.m. Check with your school regarding availability of supervision for students who arrive before 8:20 a.m.

BREAKFAST

Students participating in the District Breakfast Program should not arrive before 7:40 a.m. Supervision is not provided for students prior to that time.

LUNCH

Lunch is served beginning on the first day of school. Pupils may go home for lunch, bring lunch from home, or buy the school lunch in the cafeteria. Students are not permitted to leave school for lunch unless picked up by a parent or authorized adult. Monthly menus are provided. In case a child forgets or loses his/her lunch money, there is a charge system to cover the emergency. The cafeteria keeps the record of such charges and contacts the parents should a charge not be paid in a reasonable time.

Students may purchase prepaid lunch tickets. Each ticket provides 20 meals, and is valid until June, or until all 20 meals are used. All tickets will remain with the Cafeteria Cashier.

SNACK MILK & JUICE

Snack milk & juice are sold to all children beginning the first day of school. You will be notified as to the exact date for payment. In case of a child's absence, no refund is made for a period of less than a full week.

ABSENCES

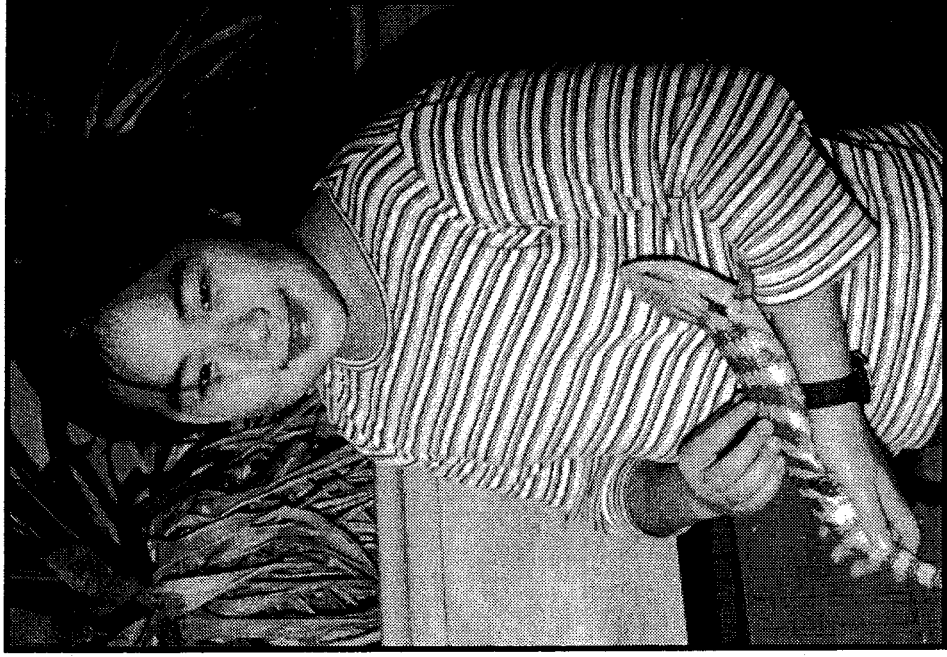

When your child has been absent, State law requires that he/she bring a note from you explaining the absences and the date(s) of absence(s). The note should be presented to the nurse before he/she goes to the classroom. Please be specific. Just saying, "he/she was ill, is not enough. Indicate whether it was "virus", "fever", "cold", etc.

A note is required for an absence due to a religious holiday. A note is required for any tardiness, giving the reason. If your child contracts a contagious disease, such as mumps, measles, etc., please phone the school nurse so that she can alert the parents in your child's class that their children may have been exposed. Be sure to keep the emergency card up to date so that we will know whom to call should your child become ill and have to go home.

NOON HOUR RULES

Students who repeatedly misbehave in the cafeteria, auditorium, or on the playground during the noon hour, may be excluded from staying in

school for lunch for a few days. If you receive such a note from the principal/teacher, we would appreciate your cooperation. Whether or not a parent is home during the noon hour has no bearing on this exclusion.

SCHOOL POLICIES

EXITS AND ENTRANCES

Your child's class is assigned a specific exit and entrance to use. You will thus know where to meet him/her when you come to pick up. Parents picking up children are asked to meet them at the exit, not the classroom. Parents must wait outside the school at dismissal time.

CLASS INTERRUPTIONS

No unnecessary interruptions of classes are allowed once the day's sessions have begun. When your child forgets a book, homework, sneakers, lunch, money, etc., please bring these to the office. All pupils are instructed to check with the office at lunch time for such forgotten items. In the interest of the child's all-around education, we urge you not to make a practice of bringing forgotten items to school. The child should be developing his/her own sense of responsibility for these things.

PHYSICAL EDUCATION ATTIRE AND SNEAKERS

Boys and girls are required to wear appropriate attire and sneakers on assigned gym days.

NO ONE IS ALLOWED ON THE GYM FLOOR WITHOUT SNEAKERS.

APPOINTMENTS WITH TEACHERS

In order that pupils' class time be used to the fullest advantage, we request that parents do not seek conferences with teachers during school hours. If you wish a conference, please make an appointment to see the teacher after school. Teachers are available for such conferences every day except Wednesdays and Fridays.

GIFTS TO TEACHERS PROHIBITED

The policy of the school district which became effective January 1956, is to prohibit the acceptance of gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gifts by faculty members on school premises, and to prohibit the solicitation of funds for personal gift purposes, by any person, or persons, on the premises.

BICYCLES

NO bicycles are allowed at either Forest Road or Clear Stream Avenue Schools because no child lives far enough from the school to make them necessary. They are allowed at Shaw, but are restricted to pupils in grades 4,5, and 6 who live NORTH OF FOSTER AVENUE. Bicycle operators must wear safety helmets. All must have a lock and chain for safety purposes.

SCHOOL POLICIES

IN-DAY PROGRAM

In inclement weather, there is an in-day program of motion pictures or quiet games provided for those pupils who eat in the cafeteria. Pupils who go home to lunch are not allowed to participate in this program because of space limitations, so we ask parents to return these pupils to school on such day just in time for the afternoon session—not before five minutes prior to their scheduled lunch time.

HOMEWORK REQUIREMENTS

Classroom learning is improved through effective homework assignments. Homework may include review, reinforcement, and reading in preparation for classroom discussion, analysis and research. Homework helps students establish work habits which will influence their use of time throughout life. Homework is required of all pupils, but it will vary from day to day. First and second grade pupils may have fifteen to twenty minutes of homework per day, while third and fourth grade pupils are likely to have thirty to forty minutes. Fifth and sixth graders are expected to devote as much as an hour to homework. Students should require little if any help from parents in completing assignments. However, parents may

assist students by ensuring that they have a quiet, comfortable place to work.

LOST AND FOUND

Unmarked articles lost by pupils are placed in the Lost-and-Found, which is in the Nurse's Office at Clear Stream, Shaw, and Forest. Such articles, if not claimed at the end of the school year, are given to a charitable organization. However, any article bearing a child's name is returned directly to him/her. Please place your child's name on all his/her belongings.

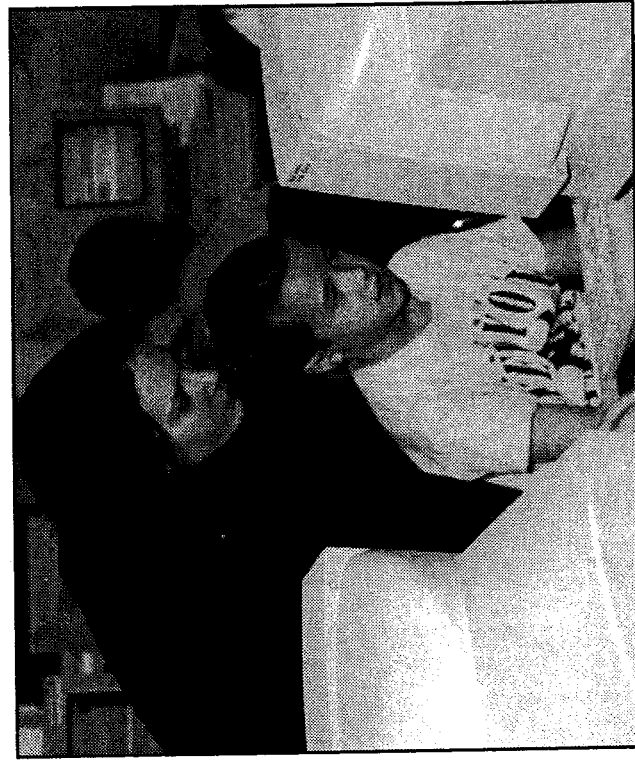

ASSEMBLIES

When your child's class puts on an assembly program, we welcome your attendance, but we do ask you not to bring preschool children. As much as we realize that it is a thrill for them to see older siblings perform, they are often distracting to all concerned. Picture-taking or video-taping are not allowed without prior approval.

MEDICATION

When it is necessary for a child

to take internal medication during school hours, the school nurse will cooperate with the family physician and the parents. The parent must submit a written request to the nurse with a written request from the family physician indicating the frequency and dosage of a prescribed medication. Then the nurse will administer this medication during the school hours. Under no circumstances will a child be permitted to carry or to take medication by himself or herself.
